LOYD GEORGE TO VISIT VICTORIA

Will Speak Here if Programme
Discussed Is Carried Out

Addresses in September in
Other Canadian Cities
Planned

Victoria will have as a visitor
next Fall Rt. Hon. David Lloyd
George, former Prime Minister
of Great Britain, if plans under
consideration now for a tour of
Canada by him are carried out.
This was indicated to-day in the
following special dispatch received
by The Times:

Montreal, April 20.—Mr.
Lloyd George will visit Montreal,
Toronto, Winnipeg, Calgary, Ed-
monton, Vancouver and Victoria in
September, and in each city will
deliver a public address. The former
British Prime Minister will be ac-
companied by his wife and his eldest
daughter, Megan, when he comes to
Canada next September under the
auspices of the World Brotherhood
Federation, according to William
Ward, president of that organization,
who left this morning for England,
where he will make definite ar-
rangements for the visit.

SEVEN KILLED BY EXPLOSIONS

Deaths in Illinois and Near
Tampa, Florida

Electricity Caused Death of
Man in Montreal

Chicago, April 20.—Three men
were reported killed and fifteen injured,
some seriously, in an explosion to-
day in the starch factory of the Corn
Products Refining Company at Argon,
Ill.

Tampa, Fla., April 20.—Four men
were killed and several injured near
Seymour, ten miles from here, to-day
when the boiler in a sawmill ex-
ploded. All were employees.

Montreal, April 20.—Touching an
electric wire caused a fatal accident
at the plant of the Montreal Light,
Heat and Power Consolidated, Joseph
Robillard, sixty-one, was instantly
killed yesterday.

Port Worth, Tex., April 20.—Frank
Gramer Jr., fourteen, died to-day as
the result of an injury received last
Friday in a baseball game. He was
struck in the abdomen by a pitched
ball.

DELAY IN PAPER
MILL SCHEME AT
PRINCE GEORGE

Special to The Times.
Prince Rupert, April 20.—Address-
ing the Prince Rupert Board of
Trade last night, Hon. T. D. Pat-
ullo stated that the death of Sena-
tor Edwards had interfered with the
proposed pulp and paper industry at
Prince George. Senator Edwards had
agreed to put in \$100,000, but
now his heirs declined to put up the
money and Pittsburgh people who
had been contingently interested in
the development, thus the matter was
temporarily shelved.

A. B. HUNT, M.P.,
ILL IN MONTREAL

Compton, Que., April 20.—A. B.
Hunt, M. P., has again
been taken seriously ill and has been
removed to a Montreal hospital.

NO LOWER PRICES
FOR SOFT DRINKS

Beer in Britain Is Reduced a
Penny a Pint

London, April 20.—(Canadian Press
Cable)—Saloon this week are plat-
ing with announcements of the re-
duction of a penny a pint in the price
of beer owing to the remission of tax-
ation. There is no relief, however,
for the consumer of soft drinks,
although two of the big soft drink
makers have taken off the duty on "sweet-
ened water." The makers declare
the reduction works out at half a
farthing on a bottle of half-pints and
a quarter of a farthing on a bottle
of baby drinks, which lately have
become the most popular size. The
makers also maintain that the in-
creased cost of sugar offsets the re-
duction of the duty. Nevertheless,
Schweppes, the well-known mineral
water makers, announced record
earnings last year.

Petition from Distillers.
The Scottish distillers, in a petition
to the Chancellor of the Exchequer,
declare that while beer may be re-
garded as the English workingman's
beverage, whisky is equally the be-
verage of working men in Scotland
and Ireland, and should have been
granted an equal measure of relief
from the "monstrous duty of eight
shillings and five pence a bottle,
which is admittedly a war-time
measure."
The distillers remind Parliament of
their great service rendered the
state in wartime, without which the
country would have been in the
greatest jeopardy.

EARLY SETTLEMENT IN IRELAND URGED

Papers Argue Against Allow-
ing Hostilities to Drag On

C. Meany, Raiders' Leader,
Captured; Steamer
Attacked

Dublin, April 20.—It is gener-
ally recognized that the armed
opposition to the Irish Free
State is almost at an end, but
the prospects of permanent
peace, many influential persons
believe, depends on the manner
in which the resistance is ter-
minated.

To allow it to fizzle out, be-
coming daily less effective, it is
feared, will involve months of
costly spasmodic disturbances and
promote in the defeated an endur-
ing bitterness. Such a procedure
would also involve the detention of
more than 10,000 prisoners. Until
the last vestiges of the opposition
were stamped out, it would be neces-
sary to maintain the Free State
army at a strength approaching
50,000 men, with an annual cost of
over £10,000,000.

Plan Is Needed.
Both the Unionist and Nationalist
newspapers manifest a strong belief
that some plan should be found
which would immediately end the
conflict and give Ireland a chance to
settle down to work. The Irish in-
dependent and The Irish Times point
to Monsignor Luzzo, the emissary of
the Holy See, as the man of the
moment and believe his intervention
might accomplish the desired end.

The Freeman's Journal argues that
"any attempt at this stage to con-
vert the visit of this worthy ecclesi-
astic into a political mission is bound
to fail."

Eamon de Valera has as yet made
no announcement on the suggestion
of his chief lieutenant, Austin Stack,
inviting him to order an immediate
cessation of hostilities and declare
further military efforts futile.

Not Judging Harshly.
There are many indications of an
excessive detachment in the public
mind and of a refusal to judge
harshly even the most active enemies
of the state. Liam Lynch was known
as the principal agent of armed re-
sistance, yet his public funeral pro-
cession was five miles long and more
than 500 motor cars were in line.

Dublin, April 20.—Con Meany,
one of the most prominent re-
maining leaders of the irregu-
lars, was arrested yesterday by
a party of National army troops
at Guerneduff, east of Killarney,
it was announced to-day.

This is considered one of the
most important captures made
in Cork County. Meany partici-
pated in many ambushes against the
British forces.

Ship Attacked.
London, April 20.—Irish irregulars
early to-day attacked the Waterford
Fishery passenger steamer, the
Western as she was proceeding slowly
down the river Suir from Water-
ford, says an Evening News dispatch
from Fishguard. The steamer es-
caped without casualties.

STEEL STATEMENT
MADE IN HOUSE

Copp Told Commons About
Canadian Incorporation of
Companies

Ottawa, April 20.—(Canadian
Press)—In a statement in regard to
the L. R. Steel Company, Ltd., in the
House of Commons, Hon. A. B. Copp,
Secretary of State, said the concern
was incorporated under the Dominion
Companies Act in October, 1919, with
\$2,000,000 capital, and the capital was
increased to \$8,000,000 on January 1,
1921. The Steel Realty Development
Company, Ltd., was incorporated on
December 23, 1920, with a capital
of \$10,000,000, and on August 18, 1922,
this latter company was given power
to act as agents for brokers.

"Under the provisions of the Com-
panies Act," declared Mr. Copp, "com-
panies incorporated thereunder sell-
ing securities to the public are re-
quired to file prospectuses for the
purpose of assisting the investing
public to form a judgment of the fi-
nancial standing and future prospects
of the companies. There is no pro-
vision in the act casting upon the
Government or any department
thereof the duty of enforcing the
clauses referred to."

OIL PROMOTERS
ARE INDICTED

Fort Worth, Texas, April 20.—
Ninety-two oil promoters were in-
dicted by the Federal Grand Jury
to-day on charges of using the
mail to defraud. The oil com-
panies involved in the indictments
have taken in over \$7,000,000 in
cash, and into three of the com-
panies were merged 458 companies
in which had sold \$135,000,000 in
stock. United States District At-
torney Henry Swifell declared the
investigation had disclosed. Ap-
proximately 2,064,000 persons were
stockholders in the merger com-
panies and the companies named
in the indictments.

FIGURES IN ONTARIO ELECTION CAMPAIGN

Mr. Hay is leader of the Liberal Party in Ontario and Mr. Ferguson is
leader of the Conservative Party. Their chief opponent in the forthcoming
provincial general election campaign will be Premier Drury, leader of the
Farmer Party.

WELLINGTON HAY
G. HOWARD FERGUSON

ELEVEN HUNDRED TRAVELERS TO PASS THROUGH VICTORIA

Between now and Monday morning a total of eleven hundred travel-
ers will pass through the port of Victoria from across the Pacific.
Of this number, five hundred will hold first class transportation. The
ships bringing in this record list of passengers within three days will be
the Makura, from Australasia; the President McKinley and the Empress
of Canada, from the Far East.

COCAINE SEIZED IN ATLANTIC SHIP

Turned Over to Government
When Landed at Halifax

Shipped From Germany;
Scotland Yard Success

Special to The Times.
Montreal, April 20.—A shortage
of cocaine in Montreal has for the past
three weeks made it very difficult for
local addicts to obtain the drug with-
out paying exceedingly high prices
following the seizure of one of the
largest shipments of cocaine that has
yet been hooked for this city in mid-
Atlantic by Scotland Yard detectives.

A shipment of cocaine valued in
this country at about \$500,000 was
recently consigned to Halifax from
a German port. This shipment, on
arrival, was to have been divided in-
to three parts, half was to come to
Montreal and the other part was to
be divided between the United States
and Winnipeg.

Secret service agents working in
Germany got news of the shipment
that was to be made, and when the
ship docked for a short time at an
English port several Scotland Yard
detectives managed to stow them-
selves away. In a short time they
discovered the hiding place of the
cocaine and without further waiting
seized the whole consignment cargo.
Upon the arrival of the ship in Hal-
ifax the drug was turned over to the
Government.

Members of the dope ring in this
country waited in Halifax for some
time before the arrival of the ship.
They then discovered that their
plans had gone a stray and left.

Seaplane Disappeared.
A hydroaeroplane that had been
stationed outside Halifax for some
time left with some haste about the
time the seizure was made on the
Ocean. The police suspect that the
plane was intended to have been
smuggled across the border by air.
The people guarding the shipment
on board the ship had evidently kept
in daily communication with those in
Halifax from the time they left Ger-
many. When the communication
suddenly stopped, the agents in this
country took warning and managed
to escape the police.

MORE GRAIN IS SHIPPED TO COAST

Over 5,000,000 Bushels For-
warded From Edmonton
This Season

Edmonton, April 20.—Over 5,000,
000 bushels of grain have been ship-
ped from Edmonton over the West-
ward route to Vancouver so far this
season, according to official figures
obtained from S. Thompson, Domi-
nion Grain Inspector here. This total
is 2,225,000 bushels in excess of
shipments for the preceding year,
when there were 2,902,500 bushels of
grain moved to the coast ports.

Four thousand one hundred and
two cars, mainly loaded with wheat,
have been moved West since Septem-
ber 1 last, representing a total of
5,177,500 bushels. During the same
period of 1921-1922 there were 2,222
cars, annual report shows a net
profit of 680,000,000 marks.

MONTREAL-DUNCAN RADIO MESSAGE WAS FASTEST OF TEST

Hartford, Conn., April 20.—A
radio message was relayed across the
continent by Canadian amate-
urs on three consecutive nights
of amateur tests just completed,
according to a telegram received
to-day at the headquarters of the
American Radio Relay League.
The best record was the relay-
ing of a message from the station
operated by O. Ball Montreal, to the
station operated by W. F. F.
Reeves, Duncan, Vancouver Island,
and return in twenty-three min-
utes.

ICE IN RIVERS BEGINS TO MOVE

People in Flooded Manitoba
Areas Watch Waters

Hundreds of Residents of
Brandon Leave Homes

Winnipeg, April 20.—(Can-
adian Press)—With many dis-
tricts in Central and Southern
Manitoba reporting a steady
rise in the Assiniboine and Red
Rivers and tributaries during
the night, the flood situation
showed no improvement to-day.
Many families have been forced
to leave their homes, others are
isolated from nearby towns by
lakes of water and thousands of
acres of farm lands in the low-lying
districts have been inundated. A
few districts reported conditions
slightly improved to-day with the
waters receding very slowly. Some
improvement is looked for during
the next few hours as the ice is show-
ing signs of breaking up and going
out, and the situation would be aided
materially should this occur.

160 CASES OF TYPHOID NOW IN MANSONVILLE, QUE.

Manosville, Que., April 20.—
Manosville is to-day tightly grip-
ped by a typhoid epidemic. It is
stated there are 160 cases out of
a population of a little more than
300. There have been eight deaths.
Doctors in charge of the situation
report that the epidemic has now
reached its peak and they expect
a daily improvement. Several new
cases, however, have been re-
ported.

CITIES TO PAY RECEIPTS TAX IN MONTHLY SUMS

Montreal, April 20.—The Union
of Canadian Municipalities has
succeeded in prevailing on the
Federal Department of Customs
and Excise to allow cities of 10,000
population and over to pay the re-
ceipts stamp tax in monthly in-
stallments on the certificate of the
treasurer or other officer of the
city. Reports and payments are
to be made to the Collector of cus-
toms of each city not later than
the fifteenth of each month for the
calendar month preceding.

U.S. WILL BUY MORE WHEAT FROM CANADA

Prediction by U. S. Consul-
General at Winnipeg.

Los Angeles, April 20.—The time
will come when the United States
will buy its wheat from Canada, ac-
cording to Joseph I. Brittain, United
States Consul-General at Winnipeg,
now visiting in Los Angeles.

"I believe Canada is the greatest
wheat producing country on earth,"
he said. "Our commercial relations
are close and mutually profitable.
We have the consumers and for years
to come Canada will be producing
foodstuffs in larger quantities."
"The United States and Canada
offer a shining example to Europe
of peace and harmony between two
peoples lasting more than 100 years.
This condition prevails along a bound-
ary line 3,500 miles long."
"The Canadians are a splendid
race, progressive people."

RELEASE OF GIRL BY AFGHANS IS BEING SOUGHT

London, April 20.—The British
Indian civil authorities have undertaken
negotiations for the release of Molly
Ellis, the fifteen-year-old girl who
was kidnapped some time ago by
Afghan tribesmen, says a dispatch
to The Daily Mail from Allahabad.
The girl's father is temporary com-
mander of Kohat.

BERLIN COMPANY DECLARES DIVIDEND OF 200 PER CENT.

Berlin, April 20.—The Berliner
Handels-Gesellschaft has declared a
dividend of 200 per cent. The com-
pany's annual report shows a net
profit of 680,000,000 marks.

TORONTO MAN'S SIX DOLLAR DREAM OF WEALTH SHATTERED

Toronto, April 20.—Opening one
of two leather steamer trunks
which he had bought at a sale of
unclaimed railway baggage yester-
day for \$5, a customer started
back in amazement as bundles of
Dominion of Canada Victory
Bonds were brought to light.
Feverishly he delved into the
bundles until in all there was about
\$50,000 worth on the floor. Then his
eye fell on the one word that
brought him back from his
Crescent-like dream. "Voided" was
marked across all the bonds.

TO VOTE ON FOUR LIQUOR QUESTIONS

Alberta Electors Will Make
Decision at Referendum

Recommendations Made by
Committee of Legislature

Edmonton, April 20.—The special
committee of the Alberta Legisla-
ture which considered the forthcom-
ing liquor control referendum in the
provincial recommendations that four ques-
tions be submitted to the electors,
and that an amendment be made to
the Direct Legislation Act, order
to allow the additional questions on
the ballot besides the one as to
whether beer shall be sold by hotels
as asked for in the petitions to the
Legislature.
The questions are as follows, in the
form of a preferential ballot, with
transferable vote:
(a) Prohibition.
(b) Licensed sale of beer.
(c) Government sale of beer.
(d) Government sale of all liquors.
The report will be dealt with by the
Legislature.

OVER-PRODUCTION CALLED DANGEROUS

Williams-Taylor Gives Views
to Commons Banking
Committee

Banker Deals With Conditions
on Prairies

Ottawa, April 20.—(Canadian
Press)—Answering a series of ques-
tions put by William Irvine, Labor
member for East Calgary at the ses-
sion of the Commons Banking and
Commerce Committee this morning,
Sir Frederick Williams-Taylor, Gen-
eral Manager of the Bank of Mon-
treal and President of the Canadian
Bankers' Association, declared over-
production of commodities was
dangerous.

"Are you aware that we could do
without 200,000 new houses in
Canada?" asked Mr. Irvine.
"That may be," replied the wit-
ness.

"And that we need a canal from
the Great Lakes through the St.
Lawrence?"
Mr. Irvine said he was merely ask-
ing these questions to show that
production of certain things would
be good for Canada and could be ob-
tained if credit were available from
the banks.

DECLARED TOO KEEN.

At another point in his evidence,
Sir Frederick said the banks were
in too keen competition to lend to
the farmer. He was questioned by
J. T. Shaw, independent member for
West Calgary, as to the effect of
another year if there was prospect of
success.

Mr. Shaw asked why the banks
charged more than the statutory
maximum rate of interest in the
West.
"Because," was the reply, "out of
1,219 branch banks operating in
Western Canada, 419 are operating
at a loss."

"That is your justification for vio-
lating the law?" queried Mr. Shaw.
"I object to the word violation,"
said Sir Frederick.

REVISION OF ACT.

Mr. Shaw asked Sir Frederick
what his opinion of the wisdom of having a
revision of the Bank Act every five
years.
"God forbid," said Sir Frederick.
Sir Frederick told Mr. Shaw that
the banks had agreed upon the three
per cent. rate of interest paid to de-
positors, but not on the rate on cur-
rent loans.

In reply to William Irvine, the wit-
ness said the Government had issued
\$25,000,000 of what might be called
"flat money" during the war. Sir
Frederick called these Dominion
notes "flat" because they were not
issued under the law requiring a
certain proportion of gold behind
them.

WAGE INCREASE OFFERED

New York, April 20.—Officials of
the St. Regis Paper Company, at a
conference with representatives of
workers at the mill, offered the
workers an increase of four cents an
hour, Floyd Carlisle, president of the
company, announced. The workers'
decision will be announced next
Tuesday.

IRISH FREE STATE ASKS MEMBERSHIP IN WORLD LEAGUE

Geneva, April 20.—The Irish
Free State has applied for mem-
bership in the League of Nations.

POLICE OF MULHEIM CONTROL CITY, AFTER COMMUNIST ATTEMPT

Left City Hall and Cut Through Lines of Besiegers,
Arresting Forty of Them; Eight Were Killed During
the Disturbances, Which Lasted Three Days.

Berlin, April 20.—Eight persons are reported killed and more
than thirty wounded as a result of the disturbances in Mulheim,
according to dispatches this noon, which state that although the
city has been freed from the Communist grip, armed bands are
still causing trouble in the outskirts.

Forty of the leaders were arrested when the municipal authori-
ties again took control.

The dispatch telling of the raising of the siege says the be-
leaguered police were able to hold out until the arrival of police
reinforcements from Oberhausen and Duisburg, who forced the
barriades across the roads leading into the city.

The disturbers are said to have
become well armed through plund-
ering the shops. Messengers had to be
used in summoning help from the
nearby towns because Mulheim's
telephone service has been idle for
weeks.

The Communist "Red Guards," as
the special dispatch refers to the
rioters, removed all their dead and
wounded. The dispatch states some
of the wounded were taken to the
barracks of the French occupational
forces.

MAY PROSECUTE SUGAR DEALERS

U.S. Attorney-General Decid-
ing if Criminal Action
Advisable

Washington, April 20.—
Whether criminal prosecutions
by the Federal Government will
follow its injunction suit filed in
New York yesterday to protect
the public against the specula-
tive boosting of sugar prices
rests on the decision of Attorney-
General Daugherty.

The Attorney-General, who is
now at Asheville, N. C., was said
officially to-day to have under con-
sideration a request upon the Federal
Grand Jury in New York for criminal
indictment, under the conspiracy pro-
visions of the Sherman Act, of de-
fendants named in the injunction suit
to prevent future or speculative trad-
ing on the New York Sugar Ex-
change.

With the first move already made
by the Government designed to pre-
vent further increases in raw sugar
prices, criminal action, which is
against defendants named in the in-
junction suit against the New York
Coffee and Sugar Exchange and the
New York Coffee and Sugar Clearing
Association, Inc., should the At-
torney-General decide the evidence
warrants such procedure or conspiracy
charges, would be a logical next
step, officials explained, in the Gov-
ernment's procedure.

TOWN OCCUPIED.

Freiburg, Germany, April 20.—
French troops from Offenburg this
morning occupied the Baden towns
of Offenburg and Gengenbach on the
Black Forest Railroad.

FOR THE FRENCH.

London, April 20.—A dispatch to
The London Times from Dusseldorf
says the unemployed council there
is reported to have informed the Berlin
Government that unless the condi-
tions of the 30,000 unemployed are
improved they will volunteer to work
for the French.

PART OF SERVICE NEWLY WRITTEN

Special Opening Sentences
for Royal Wedding in
London

Will Be Read by Dean of
Westminster

London, April 20.—Three proce-
sions will march down the ancient
aisles of Westminster Abbey at the
wedding of the Duke of York and
Lady Elizabeth Bowes-Lyon on April
26.

The first will that of the Royal
Family, led by the King and Queen,
followed by Queen Alexandra, escort-
ed by the Duke of Connaught.
The principal clergy for the cere-
mony will then proceed to their
places. After a pause the bridal
procession will follow, headed by the
minor clergymen of the Abbey and
the choir. Lady Elizabeth will pass
through the nave with her father,
her train carried by two brides-
maids, and behind them the other six
attendants in pairs.

The opening sentences for the ser-
vice have been specially written for
the occasion and will be read by the
Dean of Westminster. The Arch-
bishop of Canterbury will then de-
clare his address to the bride and
bridegroom, and the ring having
been placed on the finger of the
bride, the blessing will follow.

BRITISH LABOR M.P. IS URGING TAX ON TITLES

London, April 20.—(Canadian Press
Cable)—John Potts, Labor mem-
ber for Barnstaple, will ask the Chan-
cellor of the Exchequer next week if he
will consider the levying of a title
tax on persons enjoying titled
names, such tax to be graded on a
basis of the dignity deemed to be
created by conferment of the title.

POLICE OF MULHEIM CONTROL CITY, AFTER COMMUNIST ATTEMPT

Left City Hall and Cut Through Lines of Besiegers,
Arresting Forty of Them; Eight Were Killed During

RESERVE GROUND FOR GRAVES OF PROMINENT MEN

Unusual Inducements to Fame Will Stimulate New Cemetery Business

Choice strips of ground in the new inter-municipal cemetery at Royal Oak will be set aside for the burial of prominent citizens, under plans drawn up by the cemetery trustees, it was announced today.

These strips to be reserved for prominent men's graves lie in particularly beautiful corners of the cemetery property, where they will be easily visible to the public. A number of triangles surrounding public walks will be kept for prominent citizens' graves, under present plans.

Severe restrictions governing the erection of monuments will be put into force in the new cemetery, trustees announced. The plan is to have most of the gravestones flat and level with the ground.

JAIL SENTENCES AND LARGE FINES IN NEW YORK

New York, April 20.—Eight prison sentences and fines totalling \$171,500 were imposed by Federal Judge Van Fleet on twenty individuals and twenty-three corporations, all engaged in the pottery industry, who were convicted Wednesday of conspiracy in restraint of trade.

QUEBEC WILL FLOAT LOAN OF \$429,000

Quebec, April 20.—The City of Quebec will float a loan of \$429,000 on May 1 and has decided to sell over the counter at par five-year bonds bearing interest at five per cent to renew a loan of \$479,000 contracted five years ago.

TRYGGER HEADS NEW SWEDISH CABINET

Stockholm, Sweden, April 20.—M. Trygger, leader of the Conservative Party, has presented to King Gustaf the personnel of his Cabinet, formed to take the place of that of Hjalmar Branting, which resigned recently. M. Trygger is Premier. The Minister of Foreign Affairs is C. Hederström.

TRANS-ATLANTIC CABLES CHEAPER

Manager F. H. Blashfield, of the Great North Western Telegraph Company, announces the following reductions in trans-Atlantic cable rates, effective to-day, April 20:

The rate to Great Britain, Ireland and France is reduced from 37 cents to 34 cents per word.

Along similar lines, the new rates to other principal European countries are: Germany, from 42 cents to 39 cents; Italy, from 43 cents to 40 cents; Switzerland, from 42 cents to 41 cents; Austria, from 49 cents to 46 cents; Czechoslovakia, from 49 cents to 46 cents; Poland, from 49 cents to 46 cents; Roumania, from 50 cents to 47 cents; Spain, from 50 cents to 47 cents; Hungary, from 49 cents to 46 cents. There are corresponding reductions in the rates to other European countries.

The rates for the supplemental cable services, for messages in plain language, are correspondingly reduced.

Deferred or half-rate cablegrams, which transit in subordination to the full rate traffic, take one-half the full rate, with the exception that the deferred rate between Victoria and Great Britain or Ireland is only 15 cents per word.

For overnight cable letters to Great Britain and Ireland, the rate has been reduced from 11 cents per word to 10 cents per word, minimum charge \$2.

Week-end letters, which may be filed at any time up to midnight Saturday, for delivery the following Monday morning, now take a rate of nine cents per word, minimum charge \$1.50.

It is the expectation of the Great North Western Telegraph Company that these materially reduced rates will produce an appreciable increase in overseas communication, which can be simply cared for by the seven trans-Atlantic cables operated by the company, and will serve as a powerful stimulant to the foreign trade of the country.

Orator's Wife "Did the people applaud?" Orator (with bitterness): "Applaud? They made about as much noise as a rubber heel on a feather mattress."

ANNOUNCEMENTS

Advertisements under this heading 3 cents per word per insertion.

Canadian Anti-Vivisection Society's Annual Meeting will be held at Art Club Room, Union Bank Building, Friday, 8 p.m. All invited.

OTTAWA INQUIRY

Ottawa, April 19.—How \$100 worth of goods imported from the United States by a Canadian wholesaler under a duty of thirty-five per cent, because of pyramiding profits on the cost of the goods and sales taxes paid, cost the consumer in Canada \$247.20 by the time the goods had passed through various hands was shown to the special Commons committee on Agricultural conditions yesterday afternoon. Isaac Pedlow, a retail merchant of Renfrew, Ont., and formerly a member of the Commons.

In the case of goods imported by a wholesaler and sold by him to a manufacturer and then, in manufactured form, passing in turn through the hands of wholesaler and retailer to consumer, the pyramiding was even greater and the \$100 worth of goods, without allowance for cost of manufacture, cost of pyramiding alone \$332.55, he said.

Of the added sales tax and duties, in the first instance, the Treasury collected a total of \$44.11, while the consumer paid \$69.94. In the latter case the goods being handled through additional channels, the Treasury received \$19.73 in sales tax, while the consumer paid \$32.55 in sales taxes and profits. The Treasury received \$35 in duty, while the consumer paid \$77.77 in respect of duty and profits on duty.

CHINESE BLOCK WIRELESS PLANS

Peking, April 20.—The Chinese Government has effectively blocked the project of the Federal Wireless Company to establish wireless stations in China by dilatory response to the efforts of the Federal Company's representatives, which were backed by the strong support of the American Legation, to secure acceptance of a modified contract for the construction of five stations. Strong Japanese pressure is being used to prevent the Chinese Government from taking action.

ONTARIO TO HAVE NO REDISTRIBUTION

The Conservative Opposition Causes Drury Government to Abandon Bill

People Will Make Decision, Says Farmer Premier

Toronto, April 20.—There will be no redistribution of Ontario ridings before the forthcoming provincial general election. The Government has abandoned its redistribution bill.

"We will drop these orders. We will bring them no more to the House," said Premier Drury, referring to the election forms and redistribution bill, "and we will let the last court of appeal, the people, deal with those who have sought to stop free legislation in this Legislature."

The premier, in taking this attitude, carried the battle into the Conservative camp and attacked vigorously. Wellington Hay, Liberal leader, took occasion to dissociate the Liberals from the blockade put on for days against the redistribution bill. He said the Liberals were not to be confused with the official of the Government for delaying so much a time so important a measure as redistribution.

Premier Drury's speech last night aroused G. Howard Ferguson, Conservative leader, to a warm defence of his party's action and to harder criticism of the Government than he had yet shown at this session.

The Premier's declaration of an appeal to the people without redistribution was cheered from all parts of the House.

At least one more party is being formed to take part in the forthcoming general election. The Toronto Globe says this morning. "Unsatisfied with the present and past administration of the resources of the country, a number of voters in New Ontario feel that they would better their position if a New Ontario bloc represented the North," it states.

From reliable sources The Globe learns that steps will be taken to form a New Ontario Party in the near future. Much of the preliminary work already has been done and a public announcement is expected at any time. It is understood candidates will be placed in twelve ridings.

LUDLOW ELECTS CONSERVATIVE TO BRITISH HOUSE

London, April 20.—(Canadian Press Cable)—Lieut.-Colonel G. Windsor Clive, the Conservative candidate, was victorious in the by-election in the Ludlow division of Shropshire yesterday. It was a three-cornered contest. The vote was: Lieut.-Colonel Clive, Conservative, 9,956; Captain C. J. Liberal, 6,749; P. F. Pollard, Labor, 1,420.

The vacancy was due to the elevation to the House of Lords of Viscount Windsor, on the death of his father, the Earl of Plymouth. Viscount Windsor was returned in the last general election with a majority of 5,803.

Much interest was taken in this contest, particularly in view of several recent by-elections having gone against the Government.

METHODIST BOARD OF MISSIONS MAKES SEVERAL DECISIONS

Toronto, April 20.—Rev. Oliver Darwin was appointed to investigate Methodist missions and succeeds Rev. Dr. J. H. White as superintendent for British Columbia, according to the decision of the Methodist Board of Missions, meeting here to-day.

It was also decided that the General Board of Missions will convene in Winnipeg on October 22.

The Board also decided that the General Board of Missions will be ordered closed and the equipment entrusted to the Presbyterian Church, on the advice of the British Columbia Conference.

The Scandinavian Mission, Vancouver, will receive further aid.

The Alert Bay, British Columbia, marine mission, will get a new launch.

CANADIAN PRESS BILL TO SENATE

Ottawa, April 20.—(Canadian Press)—The Private Bills Committee of the Senate this morning passed without amendment the Private Bill of the Canadian Press, Limited. Under the Bill the Canadian Press, Limited, seeks incorporation of a body applicable to non-profit-making companies and the name is changed to The Canadian Press, the word "Limited" being dropped. The bill now goes to the Senate for final reading.

Unstatesmanlike Utterances Should Merit Their Interment, Says Rev. Chadwick

The state of world unrest prevalent to-day presaged a time when the Anglo-Saxon nations should stand together, and that perhaps no factor could bring this about more readily than the fostering of good will between the United States and Canada, was the contention advanced by the Rev. F. A. P. Chadwick in an excellent address before the British American League at a luncheon at the Hudson's Bay Company this afternoon.

"The development of the good will existing between the British Empire and the United States is one of the greatest aims at the present time, I believe," said the speaker. "The goodwill between Anglo-Saxon peoples is going to be one of the great factors making for the peace and happiness of the world. When the two great countries understand each other and put aside by side they will have done much to re-establish the peace, prosperity and happiness of the world."

Misunderstanding.

"Much of the misunderstanding that exists from time to time, is caused by unstatesmanlike politicians who play to the gallery and try to stir up ill-feeling against the Empire, and in this country—against the United States. Politicians who play on the feeling of a community in order to stir up ill-feeling to make political capital out of the trouble should be buried and buried very deeply. It is not, however, on the factors of discussion that I wish to speak, but of the means of bringing about good-will between the great countries."

Economic Causes.

"All wars are economic at the base—and we can feel very thankful for the stand taken by great Britain in the way she shouldered her responsibilities in the payment of war debt to the United States. It was one of the finest examples of good faith that ever happened. Some of the largest financial houses in the United States to-day are frankly pro-British, and realize that the stability of the future lies in that direction."

"Our common language and literature are other great factors in the making of good-will between the Anglo-Saxon peoples. Some 27 per cent of the world's inhabitants speak English, says one authority. Three-quarters of the mail of the world is addressed in the English language and half the newspapers are published in English. A common language is a great factor in making for understanding and goodwill."

Literary Ancestry.

"Then there is our literature. The wonderful literary genius of the great British writers of the past and present is acclaimed by the people of the United States as their heritage. The great poets and writers of the United States are acclaimed by us. The respect and love for the great literary leaders of both countries is a potent factor making for goodwill," said Mr. Chadwick.

"One of the greatest factors, to my mind, is the constant interchange of public men. It is growing, and coming more and more into favor. The visits we have from leaders in the national life of the country leave a great impression and a greater understanding. The more we see the more we realize how important it is that the Anglo-Saxon peoples of the world stand together in this issue."

At the close of his address Rev. F. A. P. Chadwick was accorded a hearty ovation. George Bell presided over the luncheon to-day in the absence of Lindley Crease, K.C., who was unable to attend. The luncheon was well attended.

ADVERTISE IN THE TIMES

EMPIRE REATIONS WERE DISCUSSED

New Zealand Returned Soldiers Passed Resolution on Premier King's Statement

Special to The Times.
Wellington, New Zealand, April 19.—New Zealand returned soldiers, having discussed Premier King's statement in the Canadian House of Commons of his point of view in regard to the Dominion being at war, passed a resolution viewing "with grave concern" Mr. King's remarks, in which he is reported to have suggested, in effect, that no part of the Empire shall be at war unless that part is itself affected by invasion.

As the New Zealand returned soldiers believe that the well-being of each constituent part of the Empire is bound up in the prosperity of the whole, they are therefore convinced "that such a policy as that alleged by the Canadian House of Commons Premier would, if adopted, result in the disintegration of the Empire and so make for a collapse of civilization as we know it."

Election Confirmed.
Strawberries and cream given to women supporters before the general election will not, after all, invalidate the election of the New Zealand Minister of Education, Hon. C. J. Parr. An election petition based on alleged corruption of the electors has been dismissed by the court.

The finding was that while strawberries and cream had undoubtedly been given at a gathering of Reform Party women in Mr. Parr's constituency, nevertheless it had been done by persons authorized by Mr. Parr and by his agents.

No Oath.
No longer is it necessary for British citizens to take the oath of allegiance before they are allowed to enter New Zealand. The Cabinet has decided to abolish this loyalty test which was instituted during the war in order to keep out suspected Socialists. A humorous feature of it was that the Prime Minister himself, Mr. Massey, was one of those who had to take it on his return from London two years ago.

Samoa.
"It will be many a long day," said Brigadier Richardson, newly-appointed Governor of Samoa, New Zealand's mandated territory, "to see if Samoa cannot be run by the Samoans themselves and thus prevent the Asiatic influence which is coming down over the Pacific and gradually affecting the British and other races."

General Richardson has a peril to white influence in the Pacific by the spread of Japanese and Chinese from island to island. Chinese are at present necessary for the plantations in Samoa, for the native Samoans will not work, but the aim of the Governor is to get rid of them and replace them ultimately with natives.

A Bat Lost.
Waiting to catch a train at Te Aroha, the New Zealand Premier, Mr. Massey, was accosted by a racing stable lad who stretched out his hand and cordially said: "Hello, Mr. Massey! My word! I'm pleased to see you looking so well."

Mr. Massey is easily the most courteous person in New Zealand. He shook the lad cordially by the hand and turned to another lad who stood looking on with evident disappointment and held out his hand to him also.

The other shook. Then he said: "Me clobber just bet me a quid that he was game to go up and shake hands with you and now I've lost the quid and I suppose I must pay up." The Premier laughed heartily and advised the loser to "be a sport" and pay up.

No Punishment.
The New Zealand Government refuses to punish a group of heroic miners who illegally went on strike at the Blackball Mine in the South Island. They were individually liable to large fines with the alternative of imprisonment.

However, before the prosecution ended a fire broke out in the mine. The miners at once turned to and worked like heroes at the risk of their lives to get the fire under control. They succeeded.

The Government, in consequence of their conduct, remitted a fine imposed on one man and stopped the proceedings in the other cases.

BRITISH FARM CONDITIONS DEBATED

Commons Told Grass Farmers Succeeding Better Than Others

London, April 20.—(Canadian Press Cable).—The position of British agriculture, while revealed in the House of Commons debate yesterday in certain depressing aspects, nevertheless has its cheerful features. It was stated that the depression was mainly confined to farmers on arable lands and that the grass farmers, who number two-thirds of the total, were much better situated.

Freight Rates Cut.
London, April 20.—It was announced last night that the railway managers of this country had agreed to reduce freight rates on agricultural products to fifty per cent above the pre-war rates and on general merchandise to sixty per cent below. Hitherto those rates have all exceeded the pre-war figures by seventy-five per cent. The official statement of the railway managers embodying the railway concessions explains that they will cost the railways £9,000,000 yearly.

FUNDS FOR LAND SETTLEMENT WORK

Commons Approves Estimates for ex-Army Men

Ottawa, April 20.—Estimates for soldiers' land settlement were approved by the Commons last night. Hon. Charles Stewart, Minister of the Interior, stated the actual work of soldiers' land settlement had been reduced to a minimum, but a considerable expenditure was still required for supervisory work and taking care of salvage.

Mr. Stewart gave by provinces the total number of soldier settlers and the number of salvage cases. For British Columbia the total number of soldier settlers was 3,221, and of salvage 490 cases; Alberta, 6,623 and 944; Saskatchewan, 5,361 and 549; Manitoba, 3,508 and 575; Ontario, 1,759 and 234.

During the last year 1,359 ex-servicemen had gone on the land and there were 1,275 either in training or who had completed training but who had not yet taken up land.

No increase.
Right Hon. Arthur Meighen, while speaking highly of the success which had attended soldiers' land settlement, objected to advertisements, which he said, had appeared in veterans' magazines and which intimated that land settlement had been improved and made easier for soldiers since the present Government came into power. The Minister was using public money for political advertising since he took office.

Mr. Stewart replied that there had been no increase in advertisements since he took office. He had not seen any advertisements of the character indicated by Mr. Meighen, nor had he interfered in any way with the advertising.

Miss Agnes McPhail, Progressive, Southeast Grey, Ont., said she thought she had heard from about 450 soldier land settlers and of this large number only about one-half dozen had any criticism to offer of the Soldier Settlement Board or of the act.

SMALLER RESOURCES FOR MISSION WORK

Board of Methodist Church in Canada to Reduce Programme

Toronto, April 20.—Because of a growing deficit, the General Board of Missions of the Methodist Church in Canada is confronted with the necessity of a radical cut in the mission work programme at home and abroad.

When twenty-five ministers and laymen composing the executive of the Board gathered yesterday for the annual meeting it was reported there was a total deficit of \$226,000 in all the mission work for the last two years and the prospects were that there would be another \$100,000 added to the deficit this year.

Rev. D. James Endicott, General Secretary of Foreign Missions, reported he had just had meetings with the ministers and prominent laymen in eleven centres in Ontario and Quebec and had emerged with the mission fund problem unsolved. It did not seem feasible either to cut salaries, discharge native missionaries, close up mission buildings or recall missionaries.

Last year the Mission Board made an appropriation of \$1,235,000 for the year ended April 30. It is stated that for the year 1923-24 the Board probably will reduce the appropriation to \$1,100,000.

SIX M.P.'S IN BRITAIN DECLINE TO ACCEPT PAY

London, April 20.—The Secretary of the treasury announced that six members of the House of Commons had declined to accept the seasonal allowance, but he vouchsafed no answer to pressmen's questions as to the names of these "altruistic heroes." Some members suggested that the rejected allowances be given to others, quite willing to accept double pay.

TRAIN NOT DELAYED FOR R. VALENTINO

Toronto, April 20.—The report that the Grand Trunk train due to leave Toronto Union Station at 11:45 o'clock Monday night was held over an hour for Rudolph Valentino and his wife was denied by C. G. Bowker, District Operating Manager.

"The train was not held for that purpose at all," declared Mr. Bowker. "I am making inquiries and will know all the facts soon. It was held on account of theatrical baggage not being loaded, but had no connection with a train for New York."

NEW CONSTITUTION OF EGYPT SIGNED

Cairo, Egypt, April 20.—The difficulties over the Egyptian constitution were settled and King Fuad last night signed the document. It already had been approved by the Egyptian Cabinet and meets with the strict objection to the inclusion of the Sudan in Egypt.

A Cairo dispatch last Tuesday said that in consequence of King Fuad's insistence on the inclusion in the draft of the constitution a clause maintaining the Sultan as absolute monarch, the relations between him and his Cabinet were rapidly approaching a crisis.

King Fuad, the dispatch added, apparently aimed at becoming temporal and religious head of the country. It was declared that the newspapers spoke openly of a revolt in the event of the King having his own way.

Methodist Changes.

Toronto, April 20.—At a meeting of the transfer committee of the Methodist Church here, Rev. H. J. Armitage, of London, Ont., was ordered to the British Columbia district and Rev. H. E. Livingstone, of British Columbia, was ordered to London.

Exceptional Values at \$1.65 to \$2.25

NELSON ALSO HAS WONDER CURES

Nelson, B. C., April 30.—Prof. Jules Armand, the Coue lecturer and healer, who is reported from everywhere as making wonderful cures purely by suggestion and without the injection of religion, lectured here and made a number of startling cures.

Mrs. Wagstaffe, who has been suffering from indigestion, was cured by the professor using auto-suggestion, on her.

J. Smallwood, suffering for long from paralysis in neck, arms, glands, hands and legs, said after the treatment that the terrible pain had left him and that he was better, although his neck, not paining any longer, seemed to have the feeling of "cracking."

Mrs. Howe, who was going blind, had her eyesight restored. John Svoboda, a boy, was cured of stammering before the audience and was able to repeat sentences without stammering.

CORRESPONDENCE IS
TABLED AT OTTAWA
Ottawa, April 20.—Premier King

yesterday afternoon in the Commons tabled correspondence with the British Government with regard to the Imperial and Economic Conferences, called for next October. The main features of the correspondence have already been made public. A formal agenda is not included.

"I Avoided an Operation Appendicitis Disappeared"

Mrs. James Wells, Udon, Ont., writes:—

"I took a severe pain in my right side. It was very bad at times. I tried oils and tablets without gaining any relief. The doctor pronounced it chronic appendicitis. I dreaded an operation and a friend advised Dr. Chase's Kidney-Liver Pills. I used them and not only obtained relief from pain, but I believe it has completely freed me of appendicitis, as it is now over a year since I have had any of the old symptoms."

Dr. Chase's Kidney-Liver Pills
One pill a dose, 25c a box. All dealers or Edmanston, Bates & Co., Ltd., Toronto.

A PRACTICAL PROPOSAL.

Dozens of times during the last three years we have pleaded for a more lively interest in the pre-disposed and incipient case of tuberculosis. We still contend that if the country will willingly sanction the expenditure of money on the health of Canadian cattle they would willingly submit to a per capita tax in order that the human asset might never want for proper treatment at the proper time. But until the State measures up to its obligation and takes up the case of the T. B. in an intelligent and practical fashion it will still be necessary for public and semi-public organizations to perform a service in his behalf.

We are particularly pleased to observe that the Rotary Club will consider the feasibility of its undertaking the establishment of a T. B. clinic as an adjunct of the Jubilee Hospital. This is a practical proposal. The Rotarians of Vancouver launched a drive for funds in behalf of a similar enterprise a year or so ago and one has only to study the recent report of the institution to realize what a fine thing it has been. If such a campaign shall be launched in this city there is not the slightest doubt about its success.

What is wanted in every populous centre is an institution to which any individual who is at all suspicious about his or her chest condition may go for free examination and advice. Medical men will corroborate the statement that if almost half of the people of this country who have developed tuberculosis in the past could have taken such a course the mortality from this source of trouble might well have been cut in half.

Such an institution as that which has operated so successfully in Vancouver does not end its usefulness with the treatment of the patient himself. His condition dictates the course which the officers of the clinic shall take in respect of his family or those with whom he may be in constant contact. These people at once become a sort of indirect charge of the institution in the educational sense. Follow-up visits to the household of the sufferer are not terminated until it shall have learned what to do to protect itself and to assist the unfortunate one. In other words the victim does not remain a menace to those around him and they in turn swell the number of people at large who know how to avoid the common dangers associated with tuberculosis and some of its causes.

Happily for the people of this and other countries consumption is no longer spoken about in whispers and in horror. It has been stripped of its terrors by the advance of science and common sense methods of treatment. But the important point of detection in the early stages will never lose its emphasis. On this account the more facilities there are for early examination of suspects the fewer advanced cases there will be. The free clinic is the royal road to successful battle against this plague.

JUDICIOUS EXPENDITURE.

If the expenditure of \$100,000 in Europe shall succeed in discouraging those would-be immigrants who would not be able to gain admission into this country from leaving their native lands the Dominion Government may consider it money well spent. A certain number of these people will cross the Atlantic from time to time and it is quite possible that a few will actually get into the country and become a nuisance to themselves and those around them. But it goes without saying that publicity of the proper kind will reduce the number of undesirable to the minimum. There should be no mincing of words. Canada ought to be portrayed to them as a land with absolutely no room for the individual who will not accept and work under conditions as he finds them. This Dominion is barren ground for the agitator and offers no more inducement to the lazy grumbler than any other progressive and thriving land.

THE CONSERVATIVE FEDERAL LEADER.

A local Conservative, who shall remain unknown to fame, was overheard to remark the other day that the present Federal Leader of the Opposition reminded him of Artemus Ward's description of a kangaroo as an "amossin little cuss." The language is unkind, but it conveys the idea with sufficient accuracy.

Rt. Hon. Arthur Meighen is a strong fighter. He is neither deterred by misfortune nor taught by experience. In his eyes there is only one possible explanation of why he is no longer Premier. The electors were deceived. They will find this out in a little while, whereupon he will be asked once more to take the seat at the head of the table. Then the clouds will roll by and this will become again the best of all possible worlds. This is his view of himself and of his fellow citizens. Could there be a finer example of the unconsciously comic?

The Conservative members of Parliament, of both Houses, have been giving Mr. Meighen a dinner at Ottawa for the purpose of assuring him that he is a jolly good fellow whom they would not part with on any consideration. They have been, as it were, renewing their oath of allegiance in order to remove doubts. And Mr. Meighen responded by delivering an address which the thoughtful among his adherents will hope may remain widely unread.

That there are many of his followers who do not like Mr. Meighen's habit of futile, nagging criticism, is no secret. Being reasonable men they

see that it gets nowhere. Some of them have evidently been remonstrating with him on the subject, but his armor of self-approval is impregnable. He listens with a tolerant smile, redolent of his consciousness of the superiority of his own judgment, and he replies that he will not be moved by such importunities. Truly to be a Conservative these days is a happy lot!

One expression used by him at the dinner in question may involve him in a demand for some explanation. He spoke of exposing "the character of the men who thus have obtained power in the Dominion." Just what did he mean by that? Probably nothing at all. It was presumably a mere rhetorical flourish, but in the cold, grey dawn of the morning after even Mr. Meighen may regret having used it. If it was really intended to have reference to any member of the Government the people of Canada are entitled to know.

The speech of the Conservative Leader containing the inevitable prophecy as to what is going to happen to the Liberals "next time." This will make nobody uneasy. Mr. Meighen was perfectly sure as to what was going to happen to them last time, but he proved himself a poor prophet. At the bottom of his heart his real worry is as to what may happen to himself. Does he fear that, after the next general election, the Conservative Party will come to the reluctant but firm conclusion that he ought to resume the practice of law?

HELP THE SAILOR.

Most good works require financial assistance if service is to be continuous. The Sailors' Club at Esquimalt and the Connaught Seamen's Institute on Superior Street are not exceptions from the rule by any manner of means. On that account it is necessary for the organization responsible for the praiseworthy success which has been accomplished in these institutions to appeal for funds from time to time. Such an occasion has been arranged for to-morrow and the jingle of the collecting box will remind the generous people of Victoria of an undertaking that has been and so remains a great boon to men of the sea who spend any length of time in this port. We bespeak a hearty response for the taggers who will be on duty.

DAYLIGHT SAVING.

Other cities in this country besides Victoria are keenly divided in opinion upon the advisability or otherwise of putting on the clocks during the Summer months. We do not pretend to know whether there has been any change of heart on the part of the majority in this city since the electorate was last asked to give the Council its instructions on the matter. We may be permitted to suggest, however, that the sentiment of the aldermanic board, the elected representatives of the people, was sufficiently decisive to warrant definite action without the formality of taking a referendum. On the other hand, and in view of the conflict of view that obviously exists, the Council might well take another expression at next December's municipal elections. There is nothing really against making it an annual subject for decision at the annual polls.

NOTE AND COMMENT

'By the way, we have not heard anything more about the French proposal to scrap all navies. The nations obviously took the stand that it was a heads-I-win-tails-you-lose proposal. It did not include armies.

The Ottawa Citizen refers to Mr. T. D. Pattullo as the Minister of Mines for British Columbia. This is a nasty cut after all the Minister of Lands has done in behalf of a greater volume of immigration.

France and Germany are still waiting for something to turn up. But even the debtor nation would agree that her ancient adversary is much better able to mark time than she is at this stage.

One glance at the new directors of the Victoria Chamber of Commerce should assure the people of this community that the cause of general progress in these parts is in good hands. But a directorate of archangels can not do very much unless they can rely upon the support and co-operation of the public as a whole.

It is a matter for congratulation that the head office for Western Canada of His Majesty's Trade Commissioner will now be located on this coast. It is equally gratifying to know that Mr. Beale, while exercising jurisdiction over the Winnipeg office, will occupy the Western headquarters. The official in question knows British Columbia and his more intimate association with her businessmen and prospects should be advantageous.

OUR CONTEMPORARIES

QUEBEC'S BORROWING.
The Toronto Globe:—The Hon. Peter Smith will have to mend his fences. Quebec is borrowing money at less than 5-10 per cent.

IMPARTIAL JUSTICE.
Ottawa Citizen:—The trial of William Z. Foster, in the United States for "criminal syndicalism," sheds light on the American problem of law enforcement. The British parliament includes at least one member with Communist opinions similar to Foster's. But while the authorities in the United States would seem to be more afraid of "radicalism" than in Great Britain, it should be recognized that the problem of maintaining an orderly state of society is different on this continent. At the same time, it is to the credit of the American courts that law enforcement is being applied on the British level of impartiality. The mayor of Gary, the sheriff of Lake County, a judge of the Gary City Court and several other Indiana luminaries have lately been tried and found guilty, in the United States district court at Indianapolis, for violating the Volstead Act. They came up for sentence April 20. America cannot afford to be any more lenient with mayors, judges and attorneys who undermine law and order, by conspiring to break the prohibition law, than with labor organizers who similarly conspire against the state by fomenting strikes and revolutionary outbreaks.

ENGINEER GETS SHOCK

Piloting a fast passenger engine making the regular run up-island on the E. and N. Railway yesterday the driver of the locomotive jerked his head back into the cab in time to bring his iron charge to a stop just short of the point where the two children were playing on the right of way. In a complaint to the police to-day the railway company state that children for some time have made a practice of playing on the track at Hereward Road, Victoria West. Nothing but the watchfulness of the keen-witted driver averted a tragedy yesterday, and parents are asked to see that their little ones do not subscribe to the dangerous practice.

SENDING NO COAL AGENT TO ONTARIO

Nova Scotia Fuel on Market Long Time, Says Premier

Halifax, April 20.—Archibald Terrie, Member for Cumberland, moved a resolution in the Nova Scotia House of Assembly yesterday calling for the appointment of an expert on Nova Scotia coal to go to Upper Canada for the purpose of advising and demonstrating the product and to act in general as a trade commissioner in the interests of Nova Scotia products.

Premier Armstrong claimed Nova Scotia coal, which had been on the market for 100 years, needed no advertisement. The introduction of Alberta coal into Ontario was an experiment, he said, and after all the whole matter of finding larger markets for Nova Scotia coal in that province rested upon the freight rates.

The speaker ruled further discussion on the resolution out of order.

WANT A TITLE? HERE ARE SOME AT CUT PRICES

Barons, Counts and Princes Eagerly Transfer Them for Money

Berlin, April 20.—"Mr. and Mrs. Rafke," the counterparts in German comic papers of the American Mr. and Mrs. Newfry, have practically cornered the German title market. With Barons, Counts and Princes their wives have not yet stooped to the actual sale of their coronets, the transfer of titles is taking place through a widespread scheme by which the financially depressed but still proud nobles adopt as sons and daughters the butchers, bakers and candle-stick makers and their wives who have enriched themselves with war profits.

Thus a shrewd bargainer is able to purchase the title of count for as low as 10,000 marks (about \$1500), and probably if he is satisfied with the title of Baron he can get off by spending \$100 for a prize which otherwise is unobtainable.

Advertising is done to carry on this highly developed scheme. And though this is done with the utmost discretion it is as effective as if billboards were used to offer bargain rates for choice goods.

Heavy Blow to Nobility.
This practice, which developed out of the abdication of the monarchy, which put an end to the bestowal of titles, is believed, will outlive the greater part of the old families and is considered one of the heaviest blows European nobility ever suffered.

According to Continental rules of succession, every son and daughter of a titled person assumes the same rank by birth and by inheritance. As a result, there is an unusually large class of title bearers, many of whom have been in straitened circumstances since the war.

On the other hand, Germany has developed one of the largest classes of profiteers of any country engaged in the war. Proceeding along by their families seeking distinction, they began trading in titles on a small scale a year ago through newspaper advertisements.

Regular Agencies Started.
Now, however, a coterie of young men of dark complexion and proverbial business acumen have established agencies throughout the fashionable districts of Berlin and other cities.

One of the most successful of these agents, who incidentally has not even bought a baronetcy for himself, has a luxurious apartment, where he entertains lavishly both his noble and bourgeois "customers," who, unknown to one another, are tipped off to the possibilities of making a deal.

After the blue blooded and red nosed clients have been liberally plied with champagne by their host they usually get off in a corner and get down to the subject which is uppermost in their minds, whereupon the host, as a friend, steps in and in a few days, with the proper court proceedings, the way is fixed by which the prominent sausage maker becomes the legally adopted son of Count or Prince and so, with the incontrovertible right to bestow the title upon his own family.

In several recorded cases impecunious young men have been adopted sons and daughters older than themselves.

AN OLD RECIPE TO DARKEN HAIR

Sage Tea and Sulphur Turns Gray, Faded Hair Dark and Glossy.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients, at a very little cost. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger. (Adv't)

TWENTY-FIVE YEARS AGO TO-DAY

Victoria Daily Times, April 20, 1898.

Washington, April 20.—At 11:20 it was announced at the White House that the ultimatum had been signed, and sent to Spain. The ultimatum gives Spain until Saturday noon to answer. The ultimatum states that if a satisfactory response is not received from Spain the President will proceed at once to carry out the Act of Congress.

The approaching anniversary of Her Majesty's natal day will be fittingly celebrated in the city which bears her name.

News comes from Skagway that the barque Mercury, which left for Lynn Canal on March 27 with provisions and merchandise, has met with disaster.

BLUNDERS

Is this the place for the old oil mop?

SCOUTS ASK BILLETTS FOR VISITING BOYS

Up-island Scouts and Cubs Will Need Quarters Here for Rally to Chief Scout

Advice has been received that Scouts and Cubs from Errington, Parksville, Alberni and Port Alberni will attend the rally to the Chief Scout on Tuesday next at Beacon Hill Park. Other up-island points will probably send representatives also.

It will be necessary for Victoria troops and packs to billet these brother scouts for Tuesday night, it is explained.

Scoutmasters and cubmasters are asked to prepare to offer hospitality in scout homes to as many as possible, and notify District Commissioner Scarrett regarding the number.

FIRM REQUIRED TO PAY COST OF FIGHTING FIRE

Vancouver, April 20.—The right of the Provincial Government to assess the cost of fire fighting against citizens responsible for starting forest fires was upheld by Mr. Justice Morrison yesterday when he held the firm of Robertson & Partners, Limited, liable to the Government for \$5,563 damages for a fire said to have been started by that firm's employees on the Oliver-Pentiction road last summer. Action was brought in the name of the Attorney-General based on the terms of the permit issued by the Provincial Fire Prevention Board to the contracting firm. The \$5,563 represents the cost to the Government of extinguishing the fire after it had got out of bounds.

This was the first action of the sort ever launched by the Provincial Government.

If you feel "out of sorts," sluggish and weary

If you feel "out of sorts," sluggish, weary and irritable; if you lack the spirit and sparkle and the ability to do your work with the same briskness and cheerfulness that you see in others, it is probably because your organs are not generating enough vital energy.

If your blood lacks the normal amount of the elements that are necessary in the production of vital energy, it is not possible for you to feel strong, industrious and sprightly; you are bound to tire quickly, feel down-cast and find it difficult to take proper interest in your work or your favorite recreations.

If you are not feeling as "fit" as you would like to; if you are in need of reinvigoration, you should take Wincarnis for a week or so. You will probably be surprised and delighted at the promptness with which this general tonic and restorative will enrich your blood, strengthen your nervous system and relieve your feeling of general debility and exhaustion. Physicians are prescribing Wincarnis because of its great virtue as a tonic and reconstructive.

WONDERFUL CURES ARE CREDITED TO MEETINGS OF EVANGELIST PRICE

BLIND REGAIN SIGHT AS THEY ARE PRAYED FOR, SAYS DR. PRICE

"I've just come from seeing Billy Muir," said Rev. Dr. Sipprell at yesterday afternoon's service. "I've been praying for him that he might have faith to be cured. His mother is a strong woman with great faith and we have hopes that Billy may have faith enough to receive an healing," Dr. Sipprell continued. Billy Muir told Dr. Sipprell that he believed that if he was to be cured that there was only one way and that was through Jesus Christ. Great hopes are felt for him and the audience when asked how many would pray for him all raised their hands.

"Your eyes shall be restored through Jesus of Nazareth. In Jesus's name I command that sight be given these eyes. You have got it, sister. You have got a healing." These were the words used by Rev. Dr. Price while praying over a woman at last evening's service at the Metropolitan Church. The woman, it is said, was totally blind.

"For seven years I have not been able to see, but now I see a glimmer of lights," said the woman as her whole body vibrated.

A surprised and wondering throng gathered around the aged woman at the close of the service to congratulate her. She had not totally recovered her sight, she said, but the lights of the church were discernible, and they were getting brighter and brighter.

Dr. Price prayed for more sick and infirm. These were the overflow from the afternoon service. Again the deaf, blind, dumb and pain racked persons came to the platform, and were prayed for. There were many instant healings, so the people say. One man who had catarrh of the stomach, and who had been racked with pain even when he came to the church said that he was instantly cured. "Praise the Lord," he said, "my pain is all gone, I am cured."

Blind Cases.

Three cases of blindness were treated. One was totally cured, according to a statement to the press given by the man. Dr. Price had prayed over the man, and only a few words had passed his lips before the man cried: "I am cured." A representative of The Times who spoke to the man afterwards was told that he had had catarrh of the eyes, but could see now. One aged lady who says she

had been blind for many years, also said she felt the touch of God. A flash of light passed over her eyes, and from then on the lights became brighter and brighter. One of her friends waved a handkerchief in front of her eyes, and she asserted she saw it.

Beyond Human Help.

"I command in the name of the Lord Jesus that this man who is beyond the power of human help be healed. I rebuke all his troubles," said Dr. Price, and the man shook all over. One very aged Indian, well known among shipping circles as the oldest mariner on this coast, having worked on various boats for the past 65 years, was also prayed for. He says that he was totally deaf. But "I've received an healing," he added. Also a man of about 70 years of age who was blind received healing, he asserted.

No sooner had Dr. Price laid his hands on one lady than she vibrated through and through. "You've got it, sister," he said, and turning to the audience he said, "she's got it," then she swooned.

A man who was both blind and deaf quivered all over as he received the touch of God, as also did a sightless boy and blind woman.

Cure in Audience.

Altogether seventeen people were prayed for, but nineteen is the total number claimed, as a young man and a young lady were both cured of neuritis. These two people had faith, they said, and were touched by the power of God. They collapsed into their seats and while receiving the healing, they said. Before the prayers were given over the individual cases, a great volume of prayer was sent up by the audience, led by Dr. Price, for those out of town who wanted healing. A few minutes of silent prayer was also given by those persons who wished to pray for individual cases. Rev. Dr. Price said that he would pray for the persons named in every letter that was sent to him, and there were 1,400, he said.

After the service last evening many people came to the altar. So large were the numbers that accommodation had to be made on the platform. It is estimated that between 150 to 200 people answered the call sent out by Dr. Price.

Unusual incidents of an exceptional nature were performed at the Metropolitan Church at yesterday afternoon's healing service, conducted by Rev. C. S. Price. Blind were stated to be able to see, and the deaf to hear, according to statements given by Dr. Price's workers, and by those who had been prayed for.

Recognized Husband.

One particularly interesting case was that of a woman said to be totally blind. She was prayed for by Dr. Price, who commanded "in the name of the Lord" that restoration of her sight be given. She at first did not see, but light came dimly to her eyes, she says, and then the faces in the audience became discernible. People in the gallery waved their handkerchiefs, and she said she saw them. She was then asked if she could see her husband in the audience. Looking around she at last discovered him right under the gallery, where it was beginning to get dark. Another similar case is also said to have been cured. The woman was prayed for, and then her eyes tested. Handkerchiefs were waved by the people in the gallery and she saw them, she says. She was asked what she saw and she correctly described the incident.

People were so enraptured by the healing and were apparently so joyous at the demonstration of the power of God, that they sang "Praise God, From Whom All Blessings Flow," following the reported curing of the first blind case.

Cured Without Price.

Two cases of curing were said to be effected in the audience, without being prayed for by Dr. Price. "It is just the faith," Dr. Price said. One man in the gallery was said to be stone deaf. He collapsed at the same time praising God, and crying out that he had been touched by God, and was cured. A similar case on the ground floor occurred. One lady with a card in her hand, prior to going to the platform cried out that she had been touched by the power of God and was cured.

Altogether some forty-seven cases were prayed for and one of Dr. Price's workers asserts that only in about six cases did the prayers fail. This she attributed to the lack of faith in the persons being prayed for. One man made a testimony stating that he had not been able to hear for thirty years, but while Dr. Price was praying for him he heard for the first time words spoken from the lips of Dr. Price. The words he heard was "Jesus of Nazareth." Some three cases of cancer are asserted to have been cured, while many cases of deafness were treated and cures declared to be effected. Tests were given to those who were deaf, and in many instances they repeated what Dr. Price asked them to repeat. One case of paralysis was prayed for, and the

woman states that she was touched by the power of God.

Thirty-One Were Deaf.

No less than thirty-one cases of deafness were treated and, in Dr. Price's opinion, this has been the that he has conducted. "One must realize," he said, "that cases of deafness were the hardest cases of all, because they cannot hear the word of God, and it is difficult to get the faith of God into their hearts." Some people were even deaf and dumb, and they also say that they have received healing. One woman with a dislocated hip was prayed over, and her whole body vibrated with the touch of God.

Large Numbers.

So great was the number of cases brought to Dr. Price during the afternoon that he had to postpone the healing of many until the evening service. Tired out and exhausted from the great strain of the afternoon, Dr. Price was about to wend his way homeward when he was told by his wife of three people who had constantly attended the meetings and had implicit faith. They had to be carried into the church, it was said, and they could hardly keep up over the strain themselves.

Dr. Price generously devoted his time and prayer for them. He took them into the vestry and prayed for them. One aged woman had a large goitre on the side of her face and neck.

Healing in Evening.

The healing was resumed at the evening service, while the prayers for those out of town was also given at the evening service. Dr. Price again announced his intention of holding his future meetings in the Arena, and also assured those present that the building would not be cold, as the heat alone given off by the large electric lights was commensurate with that given off by five electric heaters.

His afternoon's sermon was taken from Chapter 16 of the Book of Isaiah. Many answered the call to the altar.

SAYS PUPILS HAD NARCOTIC DRUGS

Montreal, April 20.—Three lads and two girls of sixteen, pupils at a Western high school, were recently found in possession of narcotic drugs and refused stoutly to say where they got them, according to Rev. G. I. Campbell, head of the Social Service Department of a local church.

"Our investigation shows the drug evil is growing," he said. "Out West I can not name the town—we found high school pupils with drugs. A Chinese was suspected, but we could establish nothing. As a matter of fact, much of our investigation shows that the bulk of the drug traffic is not now undertaken by the Chinese. Highly educated white men are in the midst of it, according to some things we have learned."

A locum tenens was preaching in a rural parish church. His sermon was punctuated by the noisy crowing of stock in a near-by farmyard.

"I hadn't I better go out, sir, and try to stop it," whispered the clerk. The clergyman shook his head.

"I can manage to preach through it all right," he replied.

"It ain't that, sir," said the clerk in an audible whisper. "It ain't that, sir. I be feared as it'll wake up squires."—Tit-Bits.

NEW SOUTH WALES PROGRESS REPORTED

Premier Says Nationalist Government Administration an Improvement

Sydney, Australia, April 20.—Acting Premier Oakes of New South Wales, reviewing the first year's work of the Nationalist Government of the state, compares its record with that of the Government which succeeded and claims public expenditure has been reduced by £500,000 as compared with the late Labor Government's last corresponding period, and that by the end of the current financial year the reduction will probably reach £1,000,000. The progress of development and other necessary public works has been fully maintained, claims Mr. Oakes, while taxation has been lightened, whereas the previous Government had planned to increase the taxation burden by £2,000,000.

The Government land development and settlement scheme is the biggest move forward for many years, he claims. Steps, he says, are being taken to stabilize the market for primary products combined with the establishment of a system of rural credits and agricultural settlement which will lead to improved conditions for the primary producers.

TO HOLD SILVER TEA.

The ladies of the First Presbyterian Church will hold a silver tea to-morrow afternoon at the home of Mrs. F. C. Patterson, 1010 Craigdarroch Road, when an attractive programme will include songs by Mrs. Morrison, Mrs. Harry Lasenby, Mrs. R. D. McGraw and Miss Fulton, and violin numbers by Miss Kathryn Bradshaw.

Elderly Husband—Yes, yes. It's a beautiful dress. But why black?

Young Wife—Well, dear, you remember the doctor saying that if you had a shock it might prove fatal?

Elderly Husband—Well?

Young Wife—Nothing, dear—only this gown cost eighty guineas.

SEABROOK YOUNG

1421 Douglas Street

Victoria

at the Theatre
ROYAL VICTORIA

An appeal to the lover of the artistic and picturesque in Mack Sennett's "Suzanne," starring Mabel Normand, which will be shown at the Royal again today.

Against a background of historic and romantic, "Suzanne" faithfully depicts the charm, romance and fruitfulness of California about 1855. To the most minute detail, the mannerisms, customs, adventures and buildings of the early Californian have been reproduced and revived for this quaint but beautiful story.

Supported by a cast chosen with great consideration for type, Mabel Normand is irresistibly appealing to every lover of beauty, romance, adventure and comedy.

She has been given ample opportunity to her great delight, to appear before millions of comedy-lovers in a role at once so human, so lovable, so sympathetic, so bewitching that no one can resist her.

The character of Suzanne, so ably portrayed by Miss Normand is that of an early Spanish-Californian, raised so from the day of her birth. Through design, however, Suzanne has been cheated of her rightful heritage, for she is in reality the daughter of a Don of high caste and lineage.

Because of her apparent low station in life, Suzanne cannot accept the love of the man she loves and is loved by. But Fate, however, decides to make amends, and everything ends "as it should."

Supporting Miss Normand in "Suzanne," adapted to the screen by Mack Sennett from the historical novel of the same name by Linton Wells, are Walter McGrail, Leon Barry, George Nichols, Carl Stockdale, George Cooper, Lon Fox, Winifred Bryson, Evelyn Sherman and many others of equal prominence. F. Richard Jones, director of former Mabel Normand successes, is the director of "Suzanne."

DOMINION

It is not often that a motion picture provides a happy combination of thrills and grins such as distinguished William de Mille's latest Paramount picture production of "Grumpy," featuring Theodore Roberts, May McAvoy and Lonore Nagel, and which will be the feature at the Dominion theatre all this week.

The story deals with the love affair of a young couple, which is handicapped by a diamond robbery, but the mystery of which is solved by "Grumpy," a retired criminal lawyer, who is portrayed by Mr. Roberts.

The solution of the mystery and capture of the robber hinges solely on a three worn by the characters in the story. From start to finish, there isn't a dull moment. Miss McAvoy and Mr. Nagel are delightfully cast, and the production as a whole is said to be one of the most entertaining ever presented by Mr. de Mille. Casson Ferguson has a strong crook role. Others in the cast include Bertam Jones, Charles Ogle, Charles French, Robert Butler and Bernice Frank.

COLUMBIA

It is like making a sight-seeing tour of London to see George Fitzmaurice's Paramount production of "Three Live Ghosts," which is delighting large and appreciative audiences at the Columbia theatre this week.

The story, which is quite captivating, takes one through the Limehouse district, Whitechapel and Clerkenwell, and gives one a glimpse of Trafalgar Square, Piccadilly street, the Abbey, Whitehall and Downing street. Anna Q. Nilsson and Norman Kerry, the featured players, are excellent, and the supporting cast is exceptionally clever.

"ROBIN HOOD" IS
NOTABLE FAIRBANKS
PICTURE COMING

All work and no play makes Jack a dull boy. And, all play and no work makes a man a leading member of the faculty of the University of Kansas. Mr. Bettl decided that this was in fact the case, only—he couldn't see the joke. He stuffed the manuscript into his pocket, however, thinking to show it to his colleagues.

Perhaps they might prove more astute than he and see the point.

No sooner had he arrived at rehearsal than Mr. Pochon drew from his pocket a manuscript which looked like the exact counterpart of Bettl's. Just then, Bully and d'Archembeau arrived, and in their hands they each held a manuscript which they had been comparing.

"What does it mean?" "This doesn't make sense," "It looks futuristic," exclaimed all three men to Mr. Bettl, voicing their appeal to the recognized head of the quartette.

But a light had dawned suddenly upon Bettl. "Why, it's our separate parts," he said. "Skilton has written a quartette for us." And as he looked at the different parts, his skilled eye took it all in. "It's a fugue. Come, let's try it out."

And so they did, playing their own Christmas carol and enjoying it hugely.

The Flonzaley Quartette will be presented by Mrs. Ricardo at the Royal Victoria Theatre on Monday next.

SCOTTISH RECITAL

"Scottish folk song embraces over eight thousand melodies, all marked by a sufficient measure of Scottish national character to make them easily distinguishable," states one authority on national music and folk songs. Louis C. Elson, the latest writer on national music, who is an American and thus free from a special prejudice, speaks of them as "the most varied, most ancient and most beautiful of all folk songs." Many of these songs were written by the Baroness Nairne, a contemporary of Robbie Burns.

A study of the life and character of this gifted lady, with a number of her songs, has been prepared by Mary McCoy Jameson, and will form the leading feature of the illustrated lecture and song recital to be given at Knox Church, Stanley Avenue, on Wednesday, April 25, at 8.15 p.m. Both the sketch and the songs will be beautifully illustrated by lantern views, under the able direction of A. S. Huxtable.

ACTORS READY FOR
"JULIUS CAESAR"

Dress Rehearsal Indicates High School Play Will Be Well Produced

That "Julius Caesar," to be staged by High School students in the High School Auditorium to-night and to-morrow night, will be equal to any of the High School productions to date was apparent to those who witnessed the dress rehearsal held by the young actors last night.

All parts in the great Shakespearean tragedy are being ably filled by students who have completed many weeks of careful training. A feature of the production will be the elaborate old Roman costumes.

"Julius Caesar" was produced at the High School some seven or eight years ago and was a marked success. In accordance with the plan of staging a Shakespearean play annually, "The Merchant of Venice," and "As You Like It" as well as scenes from some of Shakespeare's historical plays also have been produced in recent years.

The young actors will have a full house at the opening of their production to-night, judging by the number of tickets already sold.

BIG ORCHESTRA
AT CAPITOL DRAWS

Inauguration at the Capitol Theatre last night of regular music lovers' night with a large symphony orchestra in conjunction with the Capitol's grand organ, resulted in a crowded house.

For his orchestra, William Tickle, the director, has gathered many of the best known musicians in Victoria. The orchestra gave as feature numbers Suppe's overture, "Morning, Noon and Night," which is a widely known orchestra number, the "Ballette from Lucia" and that interesting and novel popular composition "Kitten on the Keys," in which there are some very clever piano parts. There was enthusiastic applause for the work of the director and his musicians.

The big orchestra is planned as a regular weekly feature.

During the pictures the orchestra played the chief numbers from the "Maid of the Mountains" and late popular music.

The feature picture, "The Flirt," produced from Booth Tarkington's famous study of girl life, and middle-class family life, is remarkably well cast and carried out.

About the extreme in comedy and surprises is reached in the two-reel comedy special, "It had the women in the audience gasping: 'What is the world can they think of next.'"

IMMIGRATION IS
SUBJECT OF SPEECH

Federickton, N. B., April 19. — Speaking here last night, W. D. McPherson, of Toronto, urged the importance of the national question of immigration, advocating selective immigration which would bring to Canada desirable citizens of British birth in preference to immigrants from Latin and Central Europe.

ADVENTURES OF SAILING SCHOONER

Vessel From Genoa Bay, B.C.,
for New Zealand Nearly
Wrecked in Breakers

Special to The Times.
Wellington, New Zealand, April 19.—So queer "a bunch" did the master of the schooner Lottie Bennett get for a voyage to Wanganui, New Zealand, that the vessel was nearly wrecked on the New Zealand coast, most of the crew were arrested for desertion and the mate was lost overboard in a storm.

The Lottie Bennett left Genoa Bay, Vancouver Island, half-manned. The crew was incompetent and the mate was a Russian who was so unsatisfactory that he had to be deprived of his position early in the voyage. According to the story told by the master there was an attempt made to tamper with the log so that it registered slow and almost ran the ship aground on the New Zealand coast.

The mate was washed overboard while getting in a jib torn by the storm and the crew became so refractory that when the voyage ended at Wanganui many of them were arrested on a charge of desertion. However, the captain paid them their wages and withdrew the charges, getting another crew of New Zealanders. He said that one of the projects put before him by the men secured at Vancouver was that he should turn "bootlegger" and carry a cargo of liquor to the United States.

SEATTLE SHIPPING NEWS

Seattle, April 20.—The freighter West Katan, came from drydock last night and will commence loading for Australia. She was formerly on the South American run.

The Japanese steamship Kosho Maru is berthed at Ames Terminal where she is loading a general cargo for the Orient via Coos Bay and the Columbia River.

The Canadian steamship City of Vancouver arrived at Port Alberni, B. C., to-day, to load about 1,500,000 feet of lumber after which she will shift to Everett to finish loading a cargo of four million feet of lumber for Australia, it was reported here.

WHAT AN OPTIMIST IS.

In stressing the value of a spirit of optimism recently a very distinguished Freeman offered the following contrast: "A pessimist," he said, "is a man who wears not only a belt, but suspenders; while an optimist is a man who buys a consignment of goods from a Jew in order to sell them at a profit to a Scotsman."

Terry's

The Musical Programme

This evening will include selections upon the Duo-Art by the most famous pianists in all the world. Several numbers will also be rendered by Mr. A. L. Hickling, cellist, a well-known local artist.

Other artists who will assist at to-morrow's Recital will be Mr. H. Bassett, violinist, and Miss Marie McLaughlin, vocalist.

The World's Greatest Salesman

The daily newspaper as we know it in North America is the world's greatest salesman.

Every day, every where, it is carrying the great message of commerce, bringing buyer and seller into profitable contact.

The sales it makes per year total in the billions.

Its customers are in every home, in every office, on every farm.

Its cost per sale is less than any other salesman, for not only is it the world's greatest salesman in volume but also in efficiency.

The biggest problem in merchandising today is high selling costs. Newspaper advertising, sent on the job of looking for sales where buying habits offer profitable opportunities, is the surest means of keeping down this vexatious item.

Write the Bureau of Advertising, American Newspaper Publishers Association, 806 World Building, New York, for a copy of its book, "Today in the Newspapers."

OCEAN AND COASTWISE SHIPPING

Admiral Ship Will Make Port Sunday

SS. President McKinley Reports She Will Reach William Head by 6 p.m. Sunday From Orient—President Madison Leaves Port To-day on Outward Trip

Speeding up on the final lap of her trans-Pacific voyage the Admiral-Oriental liner President McKinley reports that she will arrive in quarantine at 6 o'clock on Sunday evening. The liner is scheduled to make this port Monday morning. Capt. Alvin O. Lustie figured it all out in the chartroom that with a little pressure below decks the ship could make the going before sundown on Sunday and to-day wireless "Wm. N. Allan, general agent for the company here, to that effect.

Sundown on Sunday is at 7:14 p.m., so the President McKinley has a clear hour in which to make the station. The ship will be passed in the event of making the station as scheduled and should be berthed at Pier A, Ogden Point, by 8 p.m. on Sunday.

The President McKinley sailed from Yokohama a day ahead of the C. P. S. S. liner Empress of Canada, which ship is due to make quarantine at daybreak Monday morning.

The President McKinley has 250 passengers and the Empress of Canada is bringing in 550 passengers.

Madison to Sail.
On her outbound voyage the Admiral-Oriental liner President Madison, Capt. Thos. P. Quinn, will sail from Ogden Point this evening, bound for Yokohama and Manila.

The Madison left Seattle this forenoon for this port carrying 70 first class passengers, 200 steerage and a full cargo of general freight.

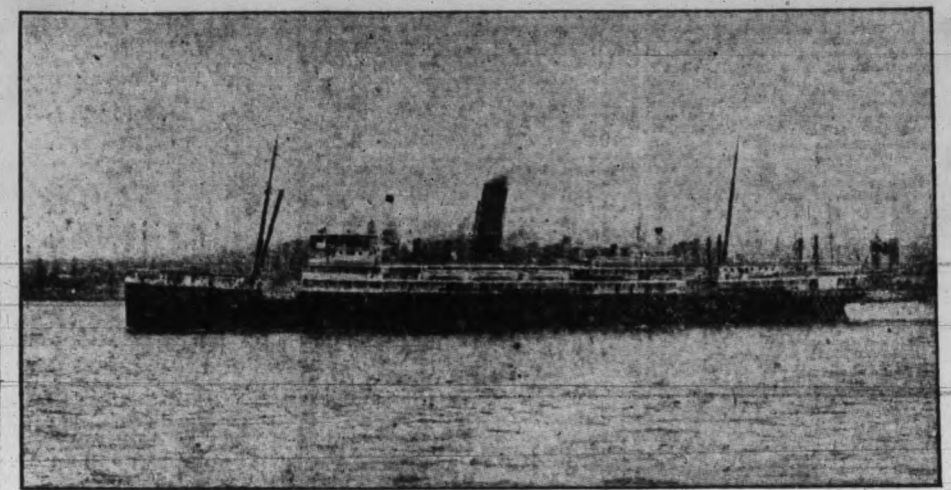

Mr. Godley sailed on the Mauretania from New York on his way to Africa, where his first base will be established in Mombasa. He has sent along ahead on a fast Cunard freighter a large amount of material with which to work while in the jungle. Among his trappings are several moving picture cameras, six cases of film, half a dozen rifles, elephant guns, revolvers and bowie knives.

The quantity of food sent ahead indicates that he will eat more than big game while in the wilds of dark Africa.

Mr. Godley will risk his life to obtain thrilling movies, and will get close-ups of lions while on the very pounce.

J. Mallinkrodt, of St. Louis, also a hunter of big game, will accompany Mr. Godley on his tour. They will stay as long as their ammunition and film last.

Will Dock Here To-morrow From Australasian Ports; R.M.S. Makura

Ship Coming Here for Cargo of Railway Ties

Material Cut on Island Is Now Being Assembled at Ogden Point for Shipment—Japanese Carrier Due to Load Early in May

By the first week in May a Japanese vessel will arrive in Victoria to load a cargo of railway ties and fir logs for delivery in Japan.

The cargo will be shipped by the Vancouver Harbor Trading Company, represented here by the Vancouver Island Log Sales Agency. For some time past a mill at Eberts, on the Saanich Peninsula, has been busily engaged in turning out ties to fill the order from Japan.

It is understood that the cargo to be shipped from this port will consist of 300,000 feet of railway ties and a deckload of fir logs. The fir logs will be 12 feet long to comply with the Japanese specifications.

Freight Being Assembled.
The timber shipment is now being assembled at the Ogden Point docks here, at which point the cargo will be loaded for Japan.

The ties will be utilized by the Imperial Japanese Government Railways. The Japanese vessel which is to load this cargo is now on her way across the Pacific and is expected to reach here early next month.

MARGARET COUGHLAN CHARTER

Vancouver, April 20.—The Interprovincial Lumber Company, charterers of the steamer Margaret Coughlan, states that though the charter of the ship expires on April 21, and the ship will not be here then, they will exercise their prerogative to renew the charter. They will load the ship with lumber for Montreal as was intended. The Margaret Coughlan was delayed in her arrival by stopping at Cuba to load sugar for Vancouver. She has now sailed, and was at the canal on April 18. It is expected she will arrive here about April 23 and should be on berth to load Montreal cargo by the middle of May.

"Shut that door!" yelled the rough man. "Where were you raised—in a barn?"

The man addressed complied, but the speaker, looking at him a moment later observed that he was in tears. Going over to his victim, he apologized.

"Oh, come," he said, soothingly, "you shouldn't take it to heart because I asked if you were raised in a barn."

"That's it; that's it," sobbed the other man. "I was raised in a barn, and it makes me homesick every time I hear an ass Bray."

TRY MAGNESIA FOR STOMACH TROUBLE

It Neutralizes Stomach Acidity, Prevents Food Fermentation, Sour Gassy Stomach and Acid Indigestion

Doubtless if you are a sufferer from indigestion, travel, nervousness, headache, peptic, charcoal, drugs and various digestive aids you know these things will not cure you in trouble—in some cases do not even give relief.

But before giving up hope and deciding you are a chronic dyspeptic just see the effect of a little Bisulphate of Magnesia not the ordinary commercial carbonate, citrate, or milk, but the pure Bisulphate of Magnesia which you can obtain from practically any druggist in either powdered or tablet form.

Take a teaspoonful of the powder or three compressed tablets with a little water after your next meal, and see what a difference this makes. It will instantly neutralize the dangerous, harmful acid in the stomach which now causes your food to ferment and sour, making gas, wind, flatulence, heartburn and the bloated or heavy, lumpy feeling that seems to follow most everything you eat.

You will find that, provided you take a little Bisulphate of Magnesia immediately after a meal, you can eat almost anything and enjoy it without any danger of pain or discomfort. In fact, and moreover, the continued use of the bisulphate of Magnesia cannot injure the stomach in any way so long as there are any symptoms of acid indigestion.

(Adv.)

MAKURA WILL ARRIVE EARLY

Ship From Australasia Will Be in Quarantine at 7 a.m. To-morrow

Has Aboard Total of 335 Passengers

The Canadian-Australasian liner Makura will be in quarantine at 7 o'clock to-morrow morning, from Australia and New Zealand, awaiting pratique.

The ship has the largest list of passengers she has brought from the South Sea ports this year.

On board the Makura is a total of 355 passengers. There are 158 first-class, 109 second-class and 87 third-class. Eleven first-class, six second-class and five third-class passengers will come ashore at this port after the vessel docks at Pier 1 about 8 o'clock to-morrow morning.

Heavy Mail.
A large consignment of mail will be landed here, including 22 bags of mail matter for the United States.

It is believed that Capt. Robert Crawford may be returning as commander of the Makura this voyage. Capt. Crawford made a couple of voyages on the Niagara, relieving Capt. J. T. Rolis, but the latter returned with his ship last voyage.

Capt. Spring Brown took the place of Capt. Crawford.

It has been reported in Canadian-Australasian circles that Capt. Crawford would be sent to England to stand by and take over the command of the new motor passenger liner building for the Union Steamship Company of New Zealand, for the Canadian-Australasian service.

NO BLUES ON THE WABASH SAYS AGENT

"They compose songs and fox-trots about the Wabash such as 'On the Bank of the Wabash' and 'Wabash Blues' but in spite of that handicap the Wabash Railway is a most enterprising road," said J. E. Holton, general agent at Seattle for the Wabash Railway Company, who was in Victoria this week on business.

Speaking seriously, Mr. Holton said that the Wabash Railway was a live transportation system that was making good.

He stated that the railway and rolling stock had been greatly improved within the past two years, during which time \$7,000,000 had been spent on the line.

Reporter—"I have come to interview you about the Wabash." "Well, go back and write your interview and let me see it."

Reporter—"Here it is."

CHARTING WORK WAS OBSERVED BY ENGINEERS

Party Enjoyed Instructive Cruise on S.S. Lillooet on Wednesday

At the invitation of H. D. Parizeau, in charge of the British Columbia coast hydrographic survey, members of the Engineering Institute of Canada, on Wednesday last, were afforded an opportunity of observing charting operations in the vicinity of this port.

The party boarded the hydrographic survey steamer Lillooet at the Ogden Point pier. The members of the engineering party were greatly interested in the soundings actually being taken on Constance Shoal, some five and a half miles offshore.

The procedure was followed from field work to completion and full explanation was given of the finished charts.

Greatly Interested.
At the outset the weather was dull with rain and mist, but the atmosphere cleared sufficiently to permit sights on Race Rocks, Ogden Point breakwater and Discovery Island, from which control points the exact location of the 'steamer was ascertained for plotting the soundings taken. For over two hours the visitors were thoroughly interested in observing the operations and examining the equipment and survey appliances of the Lillooet.

Before disembarkation the appreciation of the party was conveyed to Mr. Parizeau and his assistants for the courtesy shown and the instructive cruise.

The party included the following: Mr. and Mrs. E. D. Brydson-Jack, Mr. and Mrs. F. G. Aldous, Mr. and Mrs. McCaw, Messrs. G. H. Dawson, E. P. McKie, A. F. Mitchell, D. W. Hodgeson, F. W. Knewstubb, H. M. Higwood, H. Long, H. Peters, J. H. Browne, A. H. Halket, F. C. Green, W. M. Eversall.

TRY SULPHUR ON AN ECZEMA SKIN

Costs Little and Overcomes Trouble Almost Over Night.

Any breaking of the skin, even fiery itching eczema, can be quickly overcome by applying Mentho-Sulphur, declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation instantly brings ease from skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth.

It seldom fails to relieve the torment without delay. Sufferers from skin trouble should obtain a small jar of Rowles' Mentho-Sulphur from any good druggist and use it like cold cream.

FISHERMEN REJECT OFFER BY PACKERS

Astoria, Ore., April 20.—Fishermen at Astoria employed at the Bristol Bay salmon canneries last night for the second time rejected the offer of the packers by a vote of 46 to 9. Fishermen at Seattle and San Francisco also were voting on the offer which the packers had declared must be accepted or negotiations would be off.

The offer was for \$140 run money as against \$150 demanded by the men, 7½ cents for reds and cohoes at Nushagak River and 7 cents at all other points as against 8 cents at all Bristol Bay points.

The little girl from the top flat encountered the bachelor tenant of the flat below. "Can I come and play with your little girl, Mr. Snoggs?" she inquired. "Little girl?" he echoed, agast. "My dear, I have no little girl."

"TIZ" FOR ACHING, SORE, TIRED FEET

Just take your shoes off and then put those weary, shoe-crinkled, aching, burning, corn-pestered bunions-tortured feet of yours in a "TIZ" bath. Your toes will wriggle with joy; they'll look up at you and almost talk and then they'll take another dive in that "TIZ" bath.

When your feet feel like lumps of lead—all tired out—just try "TIZ." It's grand—it's glorious. Your feet will dance with joy; also you will find all pain gone from corns, callouses and bunions.

There's nothing like "TIZ." It's the only remedy that draws out all the poisonous exudations which puff up your feet and cause foot torture.

A few cents buys a box of "TIZ" at any drug store or department store—don't wait. Ah! how glad your feet get; how comfortable your shoes feel.

NEWS IN BRIEF

Charged in the Provincial Police
Court in session yesterday afternoon
with speeding Arthur Luther was
fined \$15 and costs.

Mrs. Tyrell-Godman, Islands Com-
missioner of the Girl Guides, left for
Vancouver to-day to attend the
luncheon for Lady Baden-Powell, and
will return to the city on Monday.

A roof fire at 401 Garbally Road
occurred a run by the fire depart-
ment at 2 o'clock yesterday. Roof
fires have comprised four out of
every five runs made by the depart-
ment within the past three weeks.

A meeting of the Island Racing and
Breeding Association will be held in
the Chamber of Commerce rooms at
eight o'clock Saturday night. All
members are asked to attend to draw
up plans for the remembrance of the
Association at the Willows, May 24.

The Women's Union of First Baptist
Church will hold a sale of home-made
candy in the basement of David
Spencer's, Ltd., to-morrow morning
at 9.30. A specialty will be made of
delicious home-made candy, for
which the Union is justly renowned,
and cut flowers will also be avail-
able.

Primrose Lodge, Daughters of the
Empire, held a whist drive last
evening in the Women's Institute
rooms, Surrey Block, when Mrs.
Weaving acted as general convenor.
The affair was most enjoyable and
the prizes were as follows: First,
Miss Oddy and Mr. Buckley; second,
Mrs. Ridgway, Mr. Stafford; third,
Mrs. Hetherington, Mr. Sinclair.

At a meeting of officers of the Real
Estate Board yesterday afternoon the
names of five real estate men in the
city were suggested as suitable per-
sons to be placed on the executive, if
they are willing to act. The secre-
tary, H. N. Patterson, will see them
and ascertain their views. If they
are willing to act, they will meet
next Monday and select two others,
making an executive of seven in all.

Mrs. Cassidy, who picked flowers
and sold them in aid of Mrs. E.
Lorenz, has been warmly thanked for
her kindness by Mrs. Lorenz. "I feel
very much touched at your large-
heartedness in taking so much trouble,"
Mrs. Lorenz says in a letter
to Mrs. Cassidy. The sum of
\$15.65 was forwarded to Mrs. Lorenz.

The Gaelic Society held an enjoy-
able concert in the Caledonia Hall
on Wednesday evening with Mr. D.
J. McLennan in the chair. Songs
were contributed by Mrs. M. J. Mc-
Lennan, Messrs. J. Taylor and Jack
McCall; Highland dances by Madge
Wallace and Nancy Ferguson, and
songs by Mrs. W. A. Jamieson and
Miss Iona Robertson. The con-
cert was followed by a dance for
which Mrs. Ridgway's orchestra fur-
nished the music. Mrs. Blackwood
had charge of the refreshments.

The history and manufacture of the
beautiful Sevres porcelain was ex-
plained in a most interesting ad-
dress before the Island Arts and
Crafts Society last evening by Ma-
dame Standeron-Monnet. The
speaker traced the history of the art
before and after the French revolution
and illustrated her points with a
series of beautiful slides, two
lovely specimens of the china loaned
by local collectors adding to the
interest. Mrs. Sweeney pre-
sided at the meeting in the absence
of the president. At the close of
the talk Mr. Napier voiced the gath-
ering's appreciation of the informa-
tive and entertaining talk.

Under the auspices of the Women's
Auxiliary to the Canadian Legion a
most enjoyable concert was held in
the McBride ward at the Jubilee Hos-
pital last evening. A special item on
the programme was the spirited dan-
cing of the sailors' hornpipe by Sea-
man Dick of H. M. S. Patricia, who
is a patient in the ward. Each item
was warmly endorsed, songs be-
ing given by Mrs. Hamlet, Mrs.
Wright, Mr. Dow and Mr. Thomson,
songs by Mrs. Wright and Miss
Thorpe, and piano numbers by
Miss Mason. Mrs. Anstey was the
accompanist. At the close delicious
refreshments were served by the
members of the Auxiliary.

The regular meeting of the Victoria
West Parent-Teacher Association
was held with the president,
F. W. Waller, in the chair. After a
short business meeting a social was
held. The following articles con-
tributed to the programme, and were
enthusiastically received: Miss B.
MacDonald, songs; Miss Mustard,
recitations; Miss A. Nelson, songs;
Miss E. Haddow, recitations; Mrs.
L. A. Campbell and Miss R. Daniels,
piano; Mrs. Guy, songs. School
Trustees J. B. Beckwith, Litchfield
and P. R. Brown briefly
addressed the gathering. This was
followed by a fine sleight-of-hand
performance by Mr. Merryfield, as-
sisted by his daughter. He presented
the trunk mystery, which puzzled
everyone present. The evening con-
cluded with a demonstration of the
patheoscope, a moving picture
machine.

At the regular monthly meeting of
the executive of the Victoria Cym-
rodorion Society matters of impor-
tance to the society were discussed,
the most important being the possi-
bility of a visit to the city of the Rt.
Hon. David Lloyd George. The secre-
tary was instructed to get in touch
by cable with the ex-Premier of
Great Britain, inviting him to be-
come their guest during his visit to
the city should he decide to pay Vic-
toria a visit.

It was decided to hold the next
regular monthly meeting of the so-
ciety in the Harmony Hall, 724 Fort
Street, this meeting to take the form
of a get-together of all Welsh people
and their families in and around Vic-
toria on May 9.

A committee was appointed to see
how best the society could be repre-
sented in the forthcoming Maritime
Fest.

MOSS IS FIRE CAUSE

Fire Chief Vernon Stewart issued
a call to-day to householders
urging that where such a condition
exists moss be cleaned from roofs.
Moss, explains the Fire Chief, acts
as a natural tinder for the sparks
that just now are occasioning a
plethora of house fires. Moss seldom
accumulates; but where there is
moss and no paint a dilute solution
of lye in hot water will clean the
moss away from its hold on the
shingles, says the Fire Chief.

MISS BLACK TO BE
CITY HALL QUEEN

Aldermen Asked to Buy \$10
Worth of Votes Each to
Elect Her

Initiates of the City Hall sighed
a deep sigh of relief this morning when
Miss Jeanie Black, a pretty dark-
haired belle of the Waterworks De-
partment accepted Mayor Hayward's
invitation to be the city's candidate
in the Maytime Frolic Queen Com-
petition. For some days it had
seemed almost impossible to find a
suitable lady who would undertake
to go through with the contest.

A number of other pretty girls
were disappointed that they were not
chosen, but all agreed to rally loyally
around Miss Black, and do their best
to elect her. Miss Black was among
several girls offered the Queen's job,
but most of them refused to accept
the invitation. Their refusal, how-
ever, was like Caesar refusing the
crown of Rome, however, officials in
charge believe. They expected to be
coaxed.

Miss Black began this morning to
shape plans for a vigorous campaign.
All city departments are to be lined
up to vote for her, and every city
employee from the Controller to the
road builders are expected to cast a
ballot in her favor.

Frank Hunter, Assistant City
Clerk, is to be Miss Black's campaign
manager. It was announced at the
Mayor's office. A strong campaign
committee is being formed to help
Mr. Hunter.

Aldermen will be expected to buy
\$10 worth of votes each to aid Miss
Black. This arrangement would
bring her 10,000 votes, and the
Mayor's allocation is larger still.

ESQUIMALT ASKS
FOR LIQUOR SHOP

Esquimalt now wants a Govern-
ment liquor store.

Citizens here have applied to At-
torney-General Manson for the open-
ing of such a shop, claiming that
the sale of beer is too high, and
support one and its establishment
would be a convenience to the large
numbers of consumers, who now have
to go to the Victoria shops.

The Attorney-General said he has
not yet come to a decision about the
Esquimalt store.

He announced that a store will
likely be opened in Esquimalt. Li-
quor profits during the last six
months, according to indications, will
show an increase over those for the
corresponding period of last year, he
said.

OBITUARY

This morning at the family resi-
dence, 1018 Sutil Street, the death
of Mrs. Elizabeth Morice, nee
Crook, aged 81 years. She was born
in Yarmouth, England, and is sur-
vived by three daughters and two
sons, Miss Cecelia Crook, California;
Mrs. H. L. Roberts of this city; Mrs.
Howard Farrant, of Vancouver;
Lewis Crook, of California, and
Richard Crook, of Whitehorse, B. C.

The remains are resting at the
B. C. Funeral Chapel pending fun-
eral arrangements.

At the Jubilee Hospital this morn-
ing the death occurred of Mrs. Eliza-
beth Morice, nee of David Morice.
She was born in Aberdeen, Scotland,
seventy years ago and had been a
resident of this city for the past four-
teen years. The remains are resting
at the B. C. Funeral Chapel, pending
funeral arrangements. The funeral
will take place from the residence,
1655 First Street, on Monday
at 1.45, proceeding to St. Mary's
Church, where services will be held
at 2 p.m. Interment will be made in
Ross Bay Cemetery.

Yesterday afternoon at the family
residence, 1162 View Street, George
Roper Lawrence passed away at the
age of 63 years. The late Mr. Law-
rence was a native son of Victoria,
and had spent the whole of his life
here. The funeral will be held from
the B. C. Funeral Chapel on Monday
at 3.30, proceeding to Christ Church
Cathedral, where services will be
held. Interment will be made in Ross
Bay Cemetery.

There passed away Wednesday
evening at his late residence, 1513
Plumstead Street, John Alfred Mal-
travers, aged sixty-nine years. He
was born in Shropshire, England, and
had resided in Esquimalt for the past
thirty-four years. He is survived by
his widow and one daughter, Mrs. R.
Campbell, of Esquimalt, B. C., also
one grandchild. The remains are re-
posing at the chapel of the B. C.
Funeral Co., where services have been
arranged to take place on Saturday
afternoon at 3.30. Interment will be
made at Ross Bay Cemetery.

The remains of the late Joseph
Edward Cooney, whose accidental
death occurred at Cowichan Lake,
Monday, are resting at the Thom-
son Funeral Home, 1625
Street, pending arrangements for for-
warding the body back to Port
Perry, Ontario. The time of funeral
will be announced later.

GIRL CRIES
JOY AS SHE SEEMS
TO BE HEALED

**Self-sacrifice of Woman Is
Revealed**

**Arena Expected to Be Packed
at Healing Service
To-night**

"Look at my leg! I am healed,
praise the Lord! I can stretch it."
These were the exclamations,
spoken by an infirm girl who at-
tended the preparatory service at the
Metropolitan Church this morning,
when Rev. Dr. Price found so many
needy cases that he had to leave no
less than 25 extra cards, making a
total of a hundred altogether.

The young lady had been given a
card two days ago, but was too sick
to come to the meetings until this
morning. It was while people were
standing up and receiving their cards
for to-night's healing service, which
is to be held at the Arena, that she
was cured, it is said.

A representative of The Times, who
was standing by her side at the time
of the healing, distinctly heard the
young lady cry out with joy. On
being interrogated it was found that
she had been suffering from spinal
trouble which had affected her legs.
She had had four operations, she
said. One leg was in a steel frame
while the other leg was almost useless.
In addition to this she had chronic
throat and organic troubles. So
joyous was the crowd that they took
up the strains of the popular hymn,
"Praise Him, Lord of the Universe,"
which had been started by those people
nearby, and who had witnessed the
apparent healing.

Self-Sacrifice.
Because her hearing was stated to
be coming back one woman who had
been given a card this morning, came
to the front and gave up her card to
be passed to some other more pre-
siding cases in the audience. "Praise
the Lord," said Rev. Dr. Price, and
tested the woman's ears. She could
hear perfectly, and repeated what Dr.
Price said to the applause of the
crowd.

Two or three cases of palsy were
represented at this morning's meet-
ing. Two of them were given cards.
One case of the deformity and
testified that his sight was getting
better.

More dumb, blind, deaf, paralysis,
and other cases will be prayed for
to-night. Seventy-five cards were
issued, but Dr. Price said: "I can see
a few more people in the audience
who have faith, and want to get
to many cases as possible."
Whereupon he sent one of his work-
ers for more cards, and twenty-five
more were distributed.

A Salvation Army woman af-
fected with palsy was given a card
because of her faith. She said she
wanted to be cured, so she could go
outside and work.

AT THE ARENA

At to-night's service the entire
Arena is expected to be packed to
capacity. The service will commence
at 7.30 o'clock, and Dr. Price will
pray for a hundred cases. In speak-
ing of to-night's service at the
Arena Dr. Sippell intimated that
a special car service would be
arranged to take the people to the
large grounds adjoining the rink
which would be thrown open for the
parking of cars. Benches have been
installed, and a huge platform, sen-
sitive to the use of the local
direction of Dr. Price's secretary.
Everybody will be able to see the
speaker, while Dr. Price claims that
he will be able to hear all over the
building as he has tried it out, and
finds his voice carries well.

A great mass meeting will be held
on Sunday night, it was intimated.
Many churches in the city are closing
on Sunday evening.

SAANICH COURT TO
STAY AT ROYAL OAK

**City Police Commission's Of-
fer of Reduced Fee Filed
Without Comment**

Somewhere in the estimated reve-
nue of the City Police Department
for the current year looms a gap of
\$600, the amount that the City Po-
lice Commission expected to receive
from Saanich for the use of the local
station, finger-print and facilities.
Saanich, at a meeting of its Police
Commission last night, ratified its
intention to remain aloof and filed
without comment a request from the
city body to come back to the fold
at half-price.

The history of the dispute goes
back to the beginning of the year
when on a motion of Commissioner
W. E. Staneland the city body
raised to \$300 a year the fee for
police station facilities from \$200 to
\$500 a year. Saanich in turn of-
fered to compromise at \$10 per court
room, with the service of the clerk
thrown in. This the city refused.
Saanich then cleaned out its prison
cells at Royal Oak, and established
court at the Municipal Hall there.

At the last meeting of the City
Police Commission Mayor Hayward,
pointing out the gap in the estimated
revenue, urged that Saanich be asked
to return, even at \$300 a year. Ac-
cordingly the Staneland motion was
rescinded and the action suggested
by the Mayor taken.

The action of the City Police Com-
mission in alienating the support of
the Saanich body over the matter of
station fees is far reaching in its
effect, with the result that the com-
pulsory attendance at Royal Oak of
many city witnesses, offenders,
counsel and court officials, who re-
side in the city limits, is the winter
months when speeding charges fill
the Saanich dockets nine tenths of
the offenders, it is learned, reside
within the city.

ARTILLERY RE-UNION

A meeting of the 15th Artillery
Brigade Association will be held on
Wednesday evening, April 25, at 8
o'clock in the Y. M. C. A. for the
purpose of discussing plans for the
annual re-union. All men, non-com-
missioned officers and officers who
served with the 58th Battery, C. F. A.,
or any other unit connected with the
Fifth Division, C. F. A., are invited
to attend this meeting. Ever since its
return from the front this unit has
held an annual reunion, and it is
proposed to have another this year.

SANCTUARY FOR
BIRDS WILL BE
EASY TO SECURE

**Report on Subject to Tourist
Trade Group of Chamber
of Commerce**

At the weekly meeting of the lun-
cheon of the tourist trade group of
the Chamber of Commerce to-day,
D. W. Campbell reported further as
to a bird sanctuary at Portage In-
let. Application has been made to
the Dominion Government to estab-
lish a sanctuary, but it will extend
only to high tide. If any of the land
is to be included a closed area will
have to be established by the Provin-
ce. There is apparently plenty of
natural food in the district so that
none will have to be planted or
otherwise provided.

Road Improvement.
J. A. Griffith wrote suggesting that
the matter be taken up of improving
the road from the Eight Mile House
to Sooke Harbor. By doing this
Sooke would become a place to which
tourists could go with a view to
staying for a day or two and en-
joying themselves.

The letter was referred to the
board of directors of the Chamber
with a recommendation that every
influence be brought to bear on the
proposed improvement of the road
made.

Another suggestion made by Mr.
Griffith was to get a road from the
paved road into Elsie Lake. No ac-
tion was taken in reference to it.

Pleased With Initiative.
Sooke Harbor Development Asso-
ciation wrote with reference to their
plans for opening trails to Sooke
River Falls and to the summit of
Mount Shepherd. The tourist trade
group thought these ideas excellent.
A letter will be sent the Sooke As-
sociation commending them for their
enterprise and enquiring just what
assistance they want.

Publicity Grant.
Gyro and Kiwanis clubs replied to
the request that they use their in-
fluence to secure a grant of \$25,
000 from the city council for the
publicity bureau. Kiwanis declined
to do anything on the ground that
it was pledged to support Kiwanian
Mayor Hayward during his term of
office, and he was opposed to it.
Gyro executive said he would ac-
cept the grant, but could do nothing
without the sanction of the club as
a whole.

Welcome to Visitors.
Dan W. Poupard explained what
was being done in connection with
the proposal that members of the dif-
ferent groups write personal letters
to similar organizations and persons
elsewhere, urging them to visit Vic-
toria and Vancouver Island during
the Summer. He urged the im-
portance of having camp sites in
proper condition and of otherwise
making the tourist feel welcome.

"Music Has Charms."
Herbert Kent and Arthur Mallett
were appointed to represent the
group at the conference next Friday
afternoon, with reference to supply-
ing music for the pleasure of the
citizens during the Summer. The
movement is being fathered by F.
Landsberg, who thinks music an ex-
cellent means of "promoting the
spirit of optimism."

Appeal For Help.
President Waring appealed to the
members to get to work at the job
of fixing up the new auto. Many
grounds. He wanted them all to turn
out personally and help. The Cana-
dian Club had promised to provide
the service clubs have agreed to
fill up the excavation now on the
ground.

Amplify Slogan.
"Follow the birds to Victoria, the
city of golden brooms," was suggested
by F. Butterfield as suitable words
on a stamp to be used in the post
office for cancelling postage stamps.
He urged that the slogan be ac-
cepted to accept this idea. The
matter was referred to the Publicity
Bureau and the Chamber of Com-
merce, with a strong favorable
recommendation.

SAANICH AGAIN
SUPPLIES ENGINEER

**E. D. Todd, Now of South
Vancouver, Began Here**

Eric Dundas Todd, son of Mr. and
Mrs. F. D. Todd, of this city, is now
municipal engineer of South Van-
couver. In 1911 he was appointed
assistant municipal engineer in the
municipality of Saanich, a position he
held until 1912, when he accepted an
appointment with the city of Victoria
as assistant engineer, having charge
of road construction at a very busy
time. He has been employed as en-
gineer in charge of road construction
and maintenance in the electoral dis-
tricts of South Vancouver, North
Vancouver, Richmond and Denswood
by the provincial government since
1917, until his present appointment.

Born in Edinburgh, Scotland, Mr.
Todd came to the United States in
1893, where he received his technical
education at the Lewis Institute of
Technology, Chicago, Ill. His first
big undertaking was in 1906, when he
was appointed assistant engineer in
charge of the Caliente Pioche branch
of the Salt Lake Railroad. He held
this position until 1908 when he was
appointed engineer in charge of
large irrigation project covering 3,000
acres at Yarbo Linda, California, and
supervised the construction of a 12-
mile long canal, with a capacity of
600,000 gallon storage reservoir.

After with the Provincial Govern-
ment he had charge of the clearing
of the University site at Point Grey,
which covered an area of 200 acres
and involved an expenditure of \$200,
000.

HUMAN "PANTHER"

After a spirited search for some
days the panther was still un-
sighted. The membership in the club is
increasing rapidly, there being well
over three hundred members enroll-
ed. A full attendance is hoped for.

LIFE WAS MISERY!

"I was reading the other day
about Neurasthenia, about the
large number of people who were
troubled with this disease. It is
just what my wife had. She felt
constantly depressed. She would
waken in the morning and find
that something dreadful was going
to happen that day. Life was
nothing short of misery for her. She
was so depressed that I ex-
pected she would lose her mind
and have to go to a sanitarium,
and I kept wondering how I
would get the money to pay for
her. She could not eat and had
no appetite for food. She was ir-
ritable and cranky most of the
time. If she was crossed in any
way, she would immediately work
herself up into a violent temper.
This worried me because she had
always had a kind and gentle dis-
position and nothing which was
said or done seemed to irritate
her. I spoke to our family doctor
about her and he said that her
trouble was imagination and that
if she would try and forget about
her depression and look on the
bright side of life she would be
all right. Of course I didn't dare
tell her this because I knew she
would get into one of her tempers.
When she got over these fits of
temper, she was always weak and
ill and more depressed than ever.
The doctor said a tonic might
help her but this did not do her
any good. She tried all kinds of
tonics with the same result. Car-
nol was recommended to me and I
wish to state that it is the leader
of all tonics. Since taking it my
wife has changed completely. Now
she is always ready for her meals
and work is no burden. It is a
pleasure for me to recommend
Carnol to anyone who is in need
of a tonic or a body builder.
Excuse me for writing this letter
but I want you to accept my
thanks for that wonderful tonic
known as Carnol."—Mr. J. M.
Toronto.

WILL ARGUE
POINT OF LAW

FOUR LAWYERS IN
COMPLICATED SUIT

Four lawyers appeared in Cham-
bers this morning in a case in which
the total sum involved is about \$1,500.
The Imperial Extract Company, rep-
resented by R. H. Poolley, is suing
Whitby Bros., of Nanaimo, repre-
sented by H. R. Bray, of Vancouver,
for goods delivered. The Nanaimo Com-
pany alleges that it was only for-
warding agents, and that the parties
really liable are A. Beattie, repre-
sented by J. S. Brandon, and J. Han-
nay represented by P. P. Harrison,
to whom the goods were sent, but
who refused to take them. The pro-
ceedings this morning were of formal
character, being concerned only with
fixing the date for delivery of state-
ment of claim.

"Peace" Parley Does Not Attract Locals

Victoria Lacrosse Club Will Have No Representation At Meeting In Vancouver To-morrow Night; B. C. A. L. A. Has Fine Four-Team League to Compete For Mann Cup, So Locals See No Need to Attend Gathering

Victoria will not send any representatives to the "peace" meeting which has been called in Vancouver to-morrow night to settle the lacrosse controversy which has been going on for some time. This was decided upon at a meeting of the Victoria Lacrosse Club held last night.

The "peace" meeting has been called by New Westminster and officials of the Vancouver City Lacrosse League. They did not attend a meeting called by the British Columbia Amateur Lacrosse League last Saturday and when they found out that Nahaimo and the Squamish Indians had decided to throw in their lot with Vancouver and Victoria they were greatly perturbed. The result was a move to call a "peace" meeting, but the Victoria officials have heard of those kind of meetings before and will not be there.

Report On Meeting.

Everett Taylor, one of the local delegates to the B. C. A. L. A. meeting in Vancouver last Saturday, reported on the work accomplished. The league this year would comprise four clubs, he said, one in Victoria, one in Nahaimo and two in Vancouver, made up of the Native Sons and the Squamish Indians. This will make the best loop that has ever competed for the Mann Cup and the games should draw well in every town and help to put the game back on the map.

New Westminster no doubt finds that it cannot back a league of this calibre. All it can hope for is a competition with the Elks, of Vancouver, and it is not thought possible that even Vancouver can support three teams and will naturally lean towards the teams which are competing for the Mann Cup. The return of Nahaimo to the game will provide a new drawing card while the Squamish Indians will be a splendid addition.

Too Fast For Seniors.

The Squamish Indians won the Vancouver City Lacrosse League last year without an effort and their chief thought that it would be better for them to get into Mann Cup competition. If possible, they are being made to feel quite at home.

The Victoria Lacrosse Club decided to write the officials of the B. C. A. L. A. in Vancouver advising against participation in the "peace" meeting in Vancouver. The B. C. A. L. A. now has the upper hand and it is felt that it won't hurt to let New Westminster pay out for a year. In view of the fact that the schedule has been drafted and arrangements made for the operation of the league.

The schedule in the Mann Cup competition this year will be as follows:

May 24—Native Sons vs. Victoria at Victoria.
May 26—Nahaimo vs. I. L. A. Squamish at Vancouver.
June 2—Victoria vs. Nahaimo at Nahaimo.
June 2—Native Sons vs. I. L. A. Squamish at Vancouver.
June 3—I. L. A. Squamish vs. Victoria at Victoria.
June 9—Nahaimo vs. Native Sons at Vancouver.
June 16—Victoria vs. I. L. A. Squamish at Vancouver.
June 16—Native Sons vs. Nahaimo at Nahaimo.
June 23—I. L. A. Squamish vs. Native Sons at Vancouver.
June 23—Nahaimo vs. Victoria at Victoria.
July 2—Victoria vs. Native Sons at Vancouver.
July 2—I. L. A. Squamish vs. Nahaimo at Nahaimo.
July 7—Native Sons vs. Victoria at Victoria.
July 7—Nahaimo vs. I. L. A. Squamish at Vancouver.
July 14—Victoria vs. Nahaimo at Nahaimo.
July 14—Native Sons vs. I. L. A. Squamish at Vancouver.
July 21—I. L. A. Squamish vs. Victoria at Victoria.
July 21—Nahaimo vs. Native Sons at Vancouver.
July 28—Victoria vs. I. L. A. Squamish at Vancouver.
July 28—Native Sons vs. Nahaimo at Nahaimo.
Aug. 4—I. L. A. Squamish vs. Native Sons at Vancouver.
Aug. 4—Nahaimo vs. Victoria at Victoria.
Aug. 11—Victoria vs. Native Sons at Vancouver.
Aug. 11—I. L. A. Squamish vs. Nahaimo at Vancouver.

GARRISON BASEBALL

A surprise was sprung in the Garrison Indoor Baseball League yesterday when the P. P. C. E. I. (left) climbed out of the cellar position by defeating the Army Service team by 2-1. The winners started the ball rolling in the first innings by securing an early lead, which they had no trouble in keeping during the rest of the game. As a result of their win the Princess Pats (left) have drawn on even terms with the three other nines for second position.

Two matches are being played this afternoon, the first game being between the R. C. G. A. and the P. P. C. E. I. (left), and in the second game the P. P. C. E. I. (right) will stack up against the Sergeant's Mess. The first match will decide which of the two teams will reside in the second berth for this week while the second game will decide whether the Sergeant's will have the honor of handing the Princess Pats (right) first defeat.

WELLS MEETS MALONE

Chicago, April 20.—Jack Malone, St. Paul middleweight champion, today was matched to box ten rounds in St. Paul on May 4. They agreed to make 150 pounds.

City Champions Seek B. C. Title

JAMES BAY METHODISTS

To-morrow evening at the Y. M. C. A. this speedy team will endeavor to win the British Columbia intermediate basketball championship. The Bays, looked upon as one of the fastest intermediate teams that has ever played in this city, will meet the Vancouver champions. The players in the above picture are as follows: Front row, left to right: Jeff Bothwell, Bill Passmore, captain, and Tommy Wachter. Back row: Ted Dunn, Bud Hocking and Dunc McLennan.

The Bays went through the Sunday School Intermediate league without losing a game. The Methodists defeated the Nahaimo "Foresters" by one point. The same team entered the "B" section of the Community League at the Armories, being tied for top place at present with The Times team.

day, but failed, although they had the bases filled twice with one out.

R. H. E.
Philadelphia 5 9 4
Brooklyn 3 5 1
Batteries—Ring and Honline; Vance, Mammas and Deberry.

Phillies Again Win.
Philadelphia, April 20.—Philadelphia made it two straight from Washington yesterday, winning 4 to 2. A running catch by Matthews and a brilliant one-hand stop by Miller were features.

R. H. E.
Washington 2 8 2
Philadelphia 4 10 2
Batteries—Morrison and Garrity; Hasty and Perkins.

Kamm Did Well.
Cleveland, April 20.—Although Cleveland made eight errors yesterday, it won from Chicago again, 6 to 5, the game going eleven innings. A single by Myatt and doubles by Pinch Hitters Gardner and Jamieson sent across the tying and winning runs. Everett of Chicago, was hit much harder than the Cleveland pitchers.

Willie Kamm did all he could do both with the bat and in the field to put over a victory for his club, but the Indians managed to squeeze over the final run. On his first trip to the plate Kamm beat out a slow infield fly and then raced to third when Jamieson muffed. Elsh's easy fly, when Schalk singled over second, Kamm raced home. He threw a scare into the home fans when he drove Speaker back for a long fly in the tenth he again made Speaker travel back to get his drive.

R. H. E.
Chicago 5 9 2
Cleveland 6 14 9
Batteries—Haines and Schalk; Edwards, Morton and Myatt.

Yankees Pick Another.
New York, April 20.—The Yankees made it two straight from Boston, winning the second game of the series yesterday, 8 to 3. Ferguson, a mummy Yankee pitcher, went to pieces in the sixth and New York scored seven runs before Murray could retire the side.

R. H. E.
Boston 2 8 3
New York 8 10 9
Batteries—Ferguson, Murray, O'Doul and Devermer; Bush and Schang.

Some Hitting.
St. Louis, April 20.—Pruett's fade-away failed to rattle Detroit and the Browns yesterday lost their second straight game to the Tigers. The score was 2 to 3. Thurston relieved Pruett after the seventh. Williams got four hits out of five visits to the plate, and Heilmann three out of a similar number of trips.

R. H. E.
Detroit 8 12 2
St. Louis 3 9 2
Batteries—Holloway and Woodall; Pruett, Thurston and Severide.

CARPENTIER AGREES TO BATTLE MCGIGUE

Paris, April 20.—Francois Desamps, last night cabin acceptances of an offer from Tex Rickard to meet Georges Carpentier in a bout against Mike McGigue, who recently defeated Battling Siki, the conqueror of Carpentier.

Desamps' acceptance of Rickard's offer is conditional on Carpentier defeating Marcel Nilles, the French heavyweight in their fight in June.

Victoria Hoop Teams Want All Six Titles

First Games in Play-offs for B. C. Sunday School Basketball Championships Will Be Played To-morrow Night at Y. M. C. A.—All Teams Reported in Good Shape for Hard Games

The three big games on the following Saturday, April 28.

The following are the local teams playing to-morrow night:

Junior Boys—Norman G. Cull, all-over cup.
Junior Girls—Henry Birks, silver cup.
Intermediate Boys—David Spencer, silver cup.

The trophies up for competition to-morrow night are as follows:

Junior Boys—Norman G. Cull, all-over cup.
Junior Girls—Henry Birks, silver cup.
Intermediate Boys—David Spencer, silver cup.

LADIES' GOLF. PLAY FOR CHAMPIONSHIP

College and Whizzbangs Meet in Deciding Game To-night at Trades Hall

When the Victoria College and Whizzbangs clash this evening at the Trades Hall to decide the Vancouver Island Ladies' basketball championship they should provide one of the fastest matches that have been witnessed in this city for a long period. Both teams have shown wonderful form in the series.

The College girls have created an excellent reputation for themselves considering that this is their first year in local basketball circles. They have only been defeated twice during the past season and have had the honor of trimming such crack teams as the University of British Columbia (who now hold the British Columbia championship), The Times and the St. Andrew's girls of this city. The team is composed of fast players and their combination play and brilliant team work is a sight well worth watching.

A Composite Team.
On the other hand the Whizzbangs comprise a team of players who have made a name for themselves in the Sunday School League. They are all chosen from the St. Andrew's team and the Christ Church girls. They have displayed a brilliant brand of basketball in previous efforts, and it is expected that they will provide stiff opposition for the school students. Following the game W. H. Means, president of the Vancouver Island Athletic Association, will present the championship shield and medals to the winning team.

A preliminary game will be played between the Y. L. A. Midgets and J. B. A. A. Cubs for the Midget championship of the city. These two teams met in a friendly game last Friday, the former coming out on top by a long end of a 4-2 score. The other preliminary game will be between two ladies' teams, the V. L. Wanderers and the Victoria West Vies.

The teams will be as follows:

James Bay Cubs—R. Brown, P. Longman, W. Johnson, B. Brown, W. Andrews, J. Williamson, L. Dickson and G. Whitney.

V. L. A. Wanderers—D. Long, J. Pollard, W. Stewart, G. Thorpe and Mrs. Davies.

College—B. Barnett, E. Lewis, E. Musgrave, M. Bell and N. Ryan.

F. Midgets—J. McConnell, I. Davies, Albie Davies, Ray Dickinson, A. Smith and F. Fry.

Victoria West—Marion Owen, I. Goss, J. Stewart, Mrs. Dix and L. Dalziel.

Whizzbangs—G. Wellburn, B. Hamilton, F. Gates, J. Burridge and K. Wellburn.

Bob Whyte will referee the big game and Bill Erickson will handle the other games. The first game will commence at 8 o'clock sharp.

WOMAN MAY OUTDO RUTH, BUT NEVER C. PADDOCK

Chicago, April 20.—A woman may some day outdo "Babe" Ruth with the bat but none of the gentler sex probably ever will exceed Charley Paddock's time in the sprint. Paddock, a member of the Chicago West Society of Physical Education, declared today, Mr. Rowe was here to attend the West Society of Physical Education.

COLWOOD GOLFERS TO TRAVEL TO DUNCAN

The Colwood Golf Club will send a team to Duncan over the week-end to compete against that club, and Wood, captain of the Colwood Club will take the following players with him: B. Wilson, A. V. Macan, J. A. Sayward, P. B. Schwengers, John Harl, F. Thomas, A. Rithet, H. P. Hodder, J. M. Wood, C. P. W. Schwengers, H. A. Tomalin, J. E. B. Dickson, G. Simpson, L. Slade and R. Strachan.

NO INVITATION YET

Ottawa, April 20.—The Dominion of Canada Rifle Association has not yet received any invitation to compete at the International rifle and pistol matches in Camp Perry, Ohio, next fall.

NATIONAL STUD IS BIGGEST WINNER

Great Britain Makes Profit Out of Operation of Gift By Lord Wavertree

London, April 20.—An amusing interlude occurred in the House of Commons last night when, during a speech on agriculture, Sir Robert Sanders, Minister of Agriculture, announced that he was able to show one of the supreme examples of the successful results of state trading. Since the national stud was instituted there had been a net profit to the country of £28,000. The national stud is managed by the Ministry of Agriculture and Sir Robert proceeded proudly to explain that last year the stud headed the list of winning brooders, and he believed they had beaten the Secretary of War, the Earl of Derby, by a short head.

"Twenty-five of our horses," he added, "won forty-two races, gaining prizes to an aggregate of £32,000. The victories included the St. Leger, the Irish St. Leger, the Liverpool Cup, the Derby and the Prince of Wales Stakes at Newmarket."

Amid laughter and cheers the Minister concluded, "We have made a good beginning this year by winning the Lincoln Handicap."

These winners are products of the stud, but stops there, selling the yearlings to regular race horse owners.

London Pro Engaged By Colwood Golfers

Edward McInnes, One of Most Promising of Younger Old Country Golfers, to Take Place of Willie Black; Is Master of All Clubs, a Splendid Teacher and a Veteran of the War; New Regulations Regarding Play at Colwood

Appointment of a golf pro. to take the place vacated by Willie Black and the decision to exclude residents living within a twenty-mile radius of the club from playing on the links unless they are members, were the outstanding features of the annual meeting of the Colwood Golf Club held last evening in the Sprott-Shaw School.

The new pro. will be Edward McInnes, now engaged by the Molesey Hurst Golf Club, near Hampton Court, London. McInnes comes highly recommended and is one of the most promising of the younger generation of golfers in the Old Country. He is still well under thirty, a splendid player, a splendid teacher, and besides being a master workman is a master of all his clubs when on the links.

Old Country Team to Meet Native Sons

"International" Game To-morrow for Mrs. Lorenz Should Be Good

Canadians and Old Country footballers will meet in their annual "international" game at the Royal Athletic Park to-morrow afternoon, at 3 o'clock. The game has always attracted big crowds in the past, and the proceeds will be devoted to the fund for Mrs. Lorenz. It is expected that the attendance will be much larger than at any time in the past. The Old Country team is slightly favored to win. They have a crackling good side, and the natives will have to hustle to win. The Old Country team is sound in all departments and their forward line should be a treat to see in action, with the flashy Ogle at the centre position.

The natives will be plenty of speed with Cummins and Clarkson on the wings. Shrimpton in goal will also be a hard man to beat. The natives will be sure to get the best of the game, but they will be hard men to get by, while with Roy Copas at centre half the forwards will be given the ball quite often.

The teams will be as follows:

Old Country—Shrimpton, Burton and Ogle, Allen, Spicers and Roy. Cummins, Testevins, Ogle, A. Muir and Clarkson. Reserves, S. Sherratt, Swan, Tuckwell and Potter. Manager, Dick Shank.

Natives—R. Cummins; Taylor and Whyte; Prevost, Copas and Thomas; P. Mulcahy, Totty, J. Cummings, G. Allan and A. McInnes. Reserves, Wolsey, English and Moffatt.

DOG SHOW OPENED BY MAYOR HAYWARD

Large Number of Canines Entered in Annual Exhibition; Competition Very Keen

Mayor Hayward formally opened the dog show, being staged under the auspices of the Victoria Kennel Club at the Storage Building, Broughton and Douglas Streets at 1 o'clock this afternoon. The show proves to be a complete success and will most likely surpass all others that have been held by the club.

A large list of entries have been received from the city but outside points such as Seattle, Vancouver and Duncan. It is expected that about 175 dogs will be entered in the show, the entries from the Pacific Northwest are the best, including wolf hounds, cocker spaniels and airdales, while from Vancouver there are cocker spaniels, bull dogs, wire haired terriers and collies.

Another interesting feature of the show are the Alsatian police dogs which are being entered by George Kennedy of Dunsmuir. The largest number of dogs entered in one class is the cocker spaniels there being a large number of these animals being shown, while the competition will also be keen in the bull dog class.

There are also a great number of pointers on show and the judges will have a hard task in awarding the prizes.

The judging will start this afternoon at 1.30, when the dogs for the toy dogs will be given out.

FRYE WINS BOUT.

Los Angeles, April 20.—Clayton Frye, who when a member of the Multnomah Athletic Club, of Portland, and was middleweight amateur champion of the Pacific Coast, won a decision over John Crella, of the Los Angeles Athletic Club, amateur champion of Southern California, in a three-round event of a boxing programme at the Los Angeles Athletic Club last night. Frye knocked Crella down in both the second and the third round.

Three of seven bouts, all between representatives of the club and sailors of the battlefleet, ended in knockout.

Carmen a Winner.
Portland, Ore., April 20.—Young Carmen, of San Jose, Cal., won a close ten-round decision over Johnny Trambitas, Portland, lightweight here last night. Carmen outboxed the local boy, landing two punches in the eighth round. Trambitas' punches carried more steam than those of his opponent.

Worked Under Taylor.

For six years McInnes worked under Phil Taylor, the pro. at the Victoria Golf Club, at the links at Fulwell, London. The new pro, who comes of Scottish parentage, has been playing golf since he was 14 years of age and has seen most of the prominent Old Country professionals play, which has aided him greatly in perfecting his game. His studies under the great masters of the links have also developed McInnes into a splendid teacher, and his knowledge will be a great asset to the Colwood Club and be found invaluable by the folks who are anxious to overcome defects in their golf. McInnes is entitled to wear a string of medals upon his chest. He won them in the war. When just a lad he was a member of a London regiment. After an attack of trench fever he was discharged from the army and went back to his old love of golf. When informed this morning of McInnes' appointment to the Colwood Club, Phil Taylor expressed great delight. He said that the choice was a good one as "Mac" knows the game from A to Z.

Replaces Black.

The Colwood Club has been looking for a pro. for the past two months. Willie Black handed in his resignation early in the year, but as a result of the new regulations upon those who will play at Colwood in the future was reached after a long discussion. It is expected that as a result of the new regulations and also in view of the signing of a new pro, that the membership in the Colwood Club will be increased considerably.

The New Resolutions.

The resolutions in regard to membership adopted last night were as follows:

1. That the annual subscription of active members shall be \$60 (effective April 1).
2. That the club establish a non-playing associate membership, the annual subscription of which shall be \$30 for gentlemen and \$15 for ladies, without franchise fee, but with privileges of ordinary members, except that they shall not play golf without payment of the usual green fees and shall have no say in the management or affairs of the club.
3. That a resident within a radius of twenty miles of the club shall not be permitted to play golf unless he is a member of the club. Provisions of the latter two resolutions are to be effective May 1, 1923.

Jim Succeeds Jack.

Jim Wood succeeds Jack Rithet as captain of the club. Jim is not only a good golfer but is a hard worker, something which is greatly appreciated these days. Jim was mainly responsible for the success of the Pacific Northwest golf championships held at Colwood last summer. His selection to the captaincy was a reward for his indefatigable work in the past. Like his predecessor, Jim is a southpaw. Price, captain of the Uplands Golf Club, also springs from the left side.

The directors of the club will be as follows: Sir Robert Barnard, A. C. Flumerfelt, B. S. Heisterman, J. A. Lindsay, J. L. Mara, J. A. Rithet, James Wood, W. S. Terry and C. Denham. R. Gonn will be secretary and V. C. Martin the auditor.

HAMMER GIVEN VERDICT.

Chicago, April 20.—Ever Hammer, Chicago lightweight, was given a shade by newspapermen last night in his ten-round boxing match with Tommy O'Brien, of Milwaukee, here.

MONTREAL A WINNER.

Providence, R.I., April 20.—Young Montreal was awarded the referee's decision over Midge Succor, of New York, in a 12-round bout here last night.

TORONTO MONTREAL

PREPARE FOR Y. W. C. A. DRIVE

It is with gratifying alacrity that the various Victoria organizations have responded to the request of the convener of the Young Women's Christian Association membership drive, which is to commence on Tuesday, April 24, to assist in this work. A full list of the teams, with the names of the captains, who are

to represent the various organizations, will be published in the issue of The Times, Saturday. If any organizations who have not been approached, but are willing to assist in this work, will kindly notify as possible, she will be deeply grateful. The headquarters for the drive will be, by the courtesy of the Richardson Estate, at 436 Yates Street. There will be music each afternoon, and tea will be served.

UNDER THE SOUTHERN CROSS; AUSTRALIA AS IT IS TO-DAY

Labor and Its Aims

By A. C. Cummings, a Canadian Newspaperman.

FIFTH ARTICLE

Labor in Australia to-day is in eclipse. Ten years ago it had control of nearly every government in the Commonwealth. How to account for the change?

It is a long story and not very creditable one. Labor has suffered from fatty degeneration of its ideals. It began with ideas of social reform, the better deal for the under dog and though the industrial population of the country was less than a quarter of a million, it gained adherents from all classes because it seemed to afford a way out of the old political rivalries which had come to be looked upon as sterile and useless. Allied with the trade union movement, it had greatly improved the lot of the wage-earner, and this brought into its ranks many who in England would consider themselves middle-class.

But, like every other political party, it fell away. It ceased to stand for the public interest first, and then the more extreme element got a big voice in the movement and brought in the Red flag with it. Furthermore, the Irish voters brought in a sectarian element, and supported Labor so enthusiastically that the Protestant element began to sheer off.

The split came during the war. The description issue brought it. One section of labor refused to fight for any capitalist government. Mr. Hughes, the Prime Minister, withdrew from the Labor party, bringing a large section of seceders with him, and the remainder were branded in the minds of loyal Australians as people to whom the British empire and the British flag meant nothing.

Labor has never recovered from this blow. One government in the states after another has gone down in defeat at the hands of the electors. Only in Queensland to-day is a Labor government in existence, and its life is precarious.

A lesser factor in Labor's downfall has been the Communist element, which supports the Russian soviet system and which has forced upon the party the objective of the socialization of all industry in the Commonwealth and the establishment of a

Socialist state. This objective has done more harm than any other plank in Labor's platform, for it has given Labor's political opponents an opportunity of saying that Labor and Sovietism are identical and of claiming that once Labor gets back into power, Labor will proceed to make of Australia the Bolsheviks have made of Russia.

Of course this allegation is thoroughly dishonest. There are thousands of working-men in the Australian Labor movement who are not enamored of the Russian socialistic experiment, and in any event even the most thoroughgoing Communist does not want to make Australia a Socialist state right off the reel. Mr. Theodore, the Premier of Queensland, one of the most astute of the Labor leaders, has been explaining of late, how gradual would be the steps to be taken to socialize industry and how the idea of a "dictatorship of the proletariat" finds no real support in Australia. His view probably represents the real views of the majority of labor men who think about the subject at all.

The Communist element is really but a small minority in the Labor party. It makes a lot of noise and does a great deal of propaganda. Some of its leaders have been to Russia lately and have received the official blessing of the heads of the Soviet republic, who told them their plan should be to "white ant," as the Australian phrase is, the trade unions, that is to get control of them where possible by becoming officials.

This is what the Communists are trying to do. And it is a real danger, because the Australian working man is not nearly as interested in the work and welfare of his union as he might be. He is too interested in betting and not enough in educational movements that have been got up for his benefit, such as the Workers' Educational Association. Hence it is easy in Australia for a small group of determined men, full of a fanatical belief in themselves and of their rem-

edy for the undoubted injustice of an industrial society, to dominate the fellow workers and to bring about upheavals.

They do it already with the strike weapon. Not merely the Communists, but the trade union extremists, take a fling at the employer. The result is that the wages lost by trade unionists in Australia during the last ten years through strikes and lock-outs would buy the entire Commonwealth line of steamers—forty-four vessels in all—and leave a substantial balance.

There have been nearly from 350 to 450 strikes and lockouts in Australia since 1912. Each year about 170,000 persons have been out of work through industrial disputes for a longer or a shorter time. And the loss in wages amounts to sixty million dollars for the decade.

The curious thing about these Australian strikes is that the employees more often than the employers gain by them. The Australian employer hitherto, has not fought the employees very hard. For one thing, times have been good until a year or two ago; for another there is a disposition on the Australian employer's part to live and let live, to take less profits if he could get more contented employees. Now, however, under the pressure of world-wide depression, he has been driven into a campaign for reduced wages, and this, with the victory of the anti-Labor party in the state elections, has more or less played into the hands of the Labor extremists. They see plots and intrigues to reduce the standard of living throughout the Commonwealth, they see it accordingly. Unfortunately the attempts of certain state Premiers to abolish wage arbitration courts and the consequent rise in the high cost of living have given the working man grounds for thinking that the employer has sinister designs against him.

Possibly the employer has. Like other employers, he is not averse to making big profits in good times and shutting down his factories in bad times. But in general, the Australian employer is not a harsh taskmaster, and would rather see a decent level of living for the workers than a poor one. He does a little in the way of profit-sharing, and some of his schemes are successful enough. But he treats his men with aloofness, that he has borrowed from the English employer, he never gives them a hint as to how the business is going, and he rarely thinks of working up a personal loyalty to the business.

Relations are apt to be purely on a cash basis, and the workman has accordingly. He gives no more than he can help, and then not of his best—and this even where he is not advised by extremists to "smash the capitalist."

It is this spirit of impersonal work that leads to a lot of the industrial trouble in Australia. But even then, the impression is far too prevalent that Australia's chief national industry is going on strike. There are a great many strikes, it is true, but they do not as a rule last very long. And the newspapers exaggerate them out of all proportion to their importance—largely for political reasons.

The Australian working man is very independent. Usually, as in the case of the coal miners, the silver-lead-zinc mines of Broken Hill, he can make up to a hundred dollars a fortnight if he is skilled, and forty-eight if he is not. In a few years he feels that he can "talk to the boss" on equal terms, and if the "boss" happens to be a company head office in London and shareholders all over the world he usually does so. When he wants a strike he has it—irrespective of what the community may think or require.

The Arbitration Courts established in Australia to prevent strikes have not done so. They have undoubtedly prevented many, but as they apply only to unions that are registered with them and as many unions do not register, they are ineffective just when and where the necessity for intervention is greatest.

On the political side Labor is now endeavoring to clean up its ranks. It has toned down some of its more extreme planks, and it is whitening its socialization ideal, though naturally there is a strong element that will not have an impious hand laid out this ark of the covenant. The leader of the Parliamentary party, Mr. Charlton, is a moderate man of considerable ability, and well aware that if the Labor movement is again to get into power in Australia it must commend itself to more than its purely labor following.

One of the biggest obstacles in the accomplishment of this aim is the power of the central executives in the bodies, powerful as they are, are beginning to draw in their horns because a reform movement amongst the rank and file has already begun.

The future of Australian labor will probably follow on the lines of the British labor movement. It will content itself with less than the Communists insist on, and will try to keep altogether within constitutional limits. There will always, of course, be a more advanced wing, as there is in Britain; but from all present indications, there is a strong sentiment growing up against this tail wagging the labor dog.

Recent gains in the elections have encouraged the reformists. Should their efforts be successful, the Labor party may be again in power in Australia before five years have elapsed.

SIDNEY NEWS

Special to The Times.

Sidney.—The senior branch of St. Andrew's W. A. met on Wednesday afternoon at the home of Mrs. John Brethour. The President, Mrs. Critchley, was in the chair. It was decided to write the Diocesan Board of September. Mrs. Critchley read the report of the last Diocesan Board meeting. After business had been disposed of, Mrs. Brethour gave all a very nice tea.

The Girls' Branch of the St. Andrew's W. A. met at the home of Mrs. T. Harrison. Rev. T. M. Hughes gave them an address. Final arrangements were made for the Pinetree dance they are giving in Berquist Hall on April 28.

The Board of Trade have started to clean up the Camping Park, ready for the Summer—ists.

The Parent-Teachers held an interesting meeting Tuesday evening with Mrs. Gilman, the President, in the chair. After business had been disposed of, guessing contests took place and games. The evening ended with refreshments.

The Social Club held their weekly card party on Wednesday evening. Six tables were occupied. The winners of the first prizes were: Mrs. Velich, Mrs. Gilman, G. Cochran and J. Roberts. The winners of the consolation prizes were: Mrs. J. Roberts, Miss Gilman, Mr. Crossley and Mr.

Velich. The lady's highest bid was won by Mrs. A. Critchley, and the gentleman's highest bid by S. MacDonald. Mrs. Hamby and Mrs. Gilman were the hostesses for the evening.

TWO MORE MAY QUEENS NAMED

Two new candidates were entered in the Maytime Frolic Queen contest yesterday. They are Mrs. T. Styles Sehl, representing the Gyro Club, and Miss Gladys Thorpe, representing the Canadian Legion, the Army and Navy Veterans, and the Grand Army of United Veterans.

Mrs. Sehl was selected as the Gyro Club candidate at a meeting of the Gyro Club directors yesterday afternoon. A meeting of the Gyro Entertainment Committee will be held in the office of Gyro Jack Farton, B. C. Fernand, Loan Building, this afternoon at 5 o'clock to complete arrangements for the contest. Mrs. Sehl is a well-known member of the younger social set, and is a talented singer.

Miss Thorpe, the veterans' candidate, will have a strong campaign committee to secure votes for her. Messrs. Moner, Howard and Thorpe, secretaries of the Army and Navy Veterans, Canadian Legion, and Grand Army of United Veterans, will act as joint campaign managers. The three veterans' organizations decided last night to co-operate in putting a float in the Frolic parade. A special committee of Messrs. Jones, Hansen and Wallis was named to make suggestions for a suitable float.

TALKS ON CAMBRIDGE.

Special to The Times.

Duncan, April 18.—Dr. Ashton, professor of French at the University of British Columbia, gave a most interesting lecture under the auspices of the Parent-Teacher Association on Tuesday evening. He took "Cambridge" as his subject, and showed interesting pictures of buildings and surroundings of that famous university, especially the River Cam.

He laid special stress on the educational influence of fine buildings and surroundings, and hoped that some day the University of British Columbia would have these advantages. All this, he said, helped to build up the Cambridge spirit, and he mentioned Wilson, of the ill-fated Scott expedition to the Antarctic, who when he was found lying dead, still had in his hand the little blue silk flag which Cambridge had given him when he left.

Dr. Ashton discussed the attitude of professor to student. In England the student is held responsible for his work and advancement, whilst in American universities the professor is generally held responsible for the student, he said. There, they are in a sense, put on their honor to work hard, behave well and be moderate in all things, and the influence of this is shown in a marked degree.

"You can boost a university all you like, and it will no doubt help, but it requires an atmosphere of peace to bring out the best in student and professor," Dr. Ashton asserted.

I. O. D. E. Meets.

Duncan, April 18.—There was only a small attendance at the regular monthly meeting of the Cowichan Chapter, I. O. D. E., on Tuesday afternoon. Mrs. Parker, who was nominated last month for secretary in place of Mrs. Watson, who retired, was duly elected to that position, and Mrs. Wylie was chosen Echoes secretary. Mrs. L. F. Solly kindly offered to give a silver tea set home, and this invitation was gratefully accepted. A suitable date will be fixed shortly.

Mrs. H. P. Swan was elected as delegate to the annual provincial meeting to be held in Vancouver on April 26 and 27.

Golf Tourney Finished.

Duncan, April 19.—At last, after many delays, the competition for the handsome cup, presented by C. H. Dickie, M. P., to the ladies of the Cowichan Golf Club, is finished. Mrs. C. M. Galt defeated Mrs. A. Easton in the finals yesterday afternoon by 4 up and 2 to play. In the semi-finals Mrs. Galt defeated Miss K. Robertson 2 up, and Mrs. Easton defeated Mrs. K. Duncan 2 up.

In the men's tomestone competition held over the week-end, A. H. Lomas was the winner, planting his stake near the eighteenth green. H. P. Provost was second. The prizes for this were presented by Brigadier-General Gartside-Spaight.

Lodge Head Visits.

Duncan, April 19.—Grand Master A. McCree, of Vancouver, paid his official visit to the Temple Lodge, A. F. and A. M., Duncan, on Tuesday evening.

Refreshments were served at Leyland's restaurant.

Vimy Institute Meets.

Duncan, April 18.—The Vimy Institute held its first meeting in the new Community Hall on Gibbons Road on Tuesday afternoon, the president, Mrs. Robson, in the chair. After the usual routine business, Mrs. J. Baker, of Shawinigan Lake Institute, and Mrs. James Highted, of Somenos, gave a most interesting, instructive and practical demonstration of paper hat making. Most of the members present had brought paper for this purpose, and went home highly delighted with a hat well on the way to completion. Two new members were enrolled.

A delicious tea was provided by Mrs. Walter Robinson, Mrs. Thomas Smith and Mrs. J. B. Creighton. The Vimy Institute seems to be specially well conducted.

Duncan, April 19.—At the beginning of the year three committees were formed, the Legislative Committee, Public Health Committee and Better Schools and Education Committee. Each of these committees was given charge of one of the meetings throughout the year. For May the meetings the Legislative Committee is in charge, and has asked Mr. Kenneth Duncan, M. P., to give a talk on "Laws of British Columbia Pertaining to Women and Children." Mr. Duncan will also give them a "Parliamentary drill" in the correct methods of conducting a meeting.

MISSING GIRL IS SOUGHT BY POLICE; LAST IN NANAIMO

Saying that she was going down the road to visit friends Miss Barbara Lang, adopted daughter of F. R. Lang, Qualicum Beach Hotel, left her home on Sunday night, and has disappeared without trace. For three days the local police have been working on the case, bound by a promise given to Mr. Lang to withhold the occurrence from the press. Last night

Chief Fry urged upon the complainant and that publication of the details might assist him in clearing up the mystery. Chief Fry now asks that the public lend what aid it can to the search for the missing girl. The details follow: Miss Lang, who up to three weeks ago was employed at the Royal Provincial Jubilee Hospital here, effected the removal of her street clothing from her home on Sunday. On Monday at 1 p. m. the girl was seen standing alone on the curb opposite the store of David Spencer, Ltd., at Nanaimo. Miss Lang is thought to have been

driven from the hotel in a car late on Sunday evening. The description furnished by the police gives Miss Lang as being five feet in height; dressed in a navy blue coat and hat, a brown pleated skirt, brown stockings and low black shoes at the time of her disappearance. So far the police have been unable to trace the movements of the missing girl, and here disappearance is occasioning anxiety.

LADY BADEN-POWELL TO ADDRESS WOMEN

Will Give Address Before the Women's Canadian Club Monday

An especial treat will be in store for the members of the Women's Canadian Club on Monday afternoon when they will be privileged to hear an address by Lady Baden-Powell, founder of the Girl Guides movement, who with her distinguished husband will pay a brief visit to Victoria in the course of a Dominion-wide tour. As Lady Baden-Powell will not arrive until the afternoon boat and her itinerary includes an inspection of the Girl Guides at 5 p. m. on Monday, the club executive was unable to ar-

WOULD DEVELOP VICTORIA AS FILM CENTRE

MISS SORENSSEN
Miss Sorensen is a former Hollywood motion picture actress, and is anxious to develop the silver screen in Victoria in conjunction with a locally owned company.

FLOWER SHOW IS MASS OF BLOOM

Many Attractive Displays Feature King's Daughters Exhibition

The Empress Hotel ballroom was transformed into a huge basket of flowers yesterday afternoon when the King's Daughters held their fourteenth annual flower show. Every variety of bloom found in Victoria gardens was massed in profusion—a living proof of this city's remarkable climate. Mrs. Nichol accompanied by M. J. S. Muskett, Secretary to Lieutenant-Governor Hon. Walter Nichol, opened the show at 3 o'clock in the afternoon. Mrs. Nichol praised the work of the King's Daughters in aid of the sick and unfortunate, and expressed the hope that the beautiful showing of flowers would make the public generous. After declaring the exhibition open Mrs. Nichol visited the various flower stalls and purchased flowers.

The exhibition in all respects was finer than last year. There were three times as many tables, and the number of exhibits also was larger. Some fine displays were seen in the competitive classes, and the King's Daughters themselves vied with each other in arranging beautiful stalls. In the trade exhibit class Barber Starkey had more than seventy varieties of daffodils, jonquils and narcissus as well as tulips and hyacinths. Mrs. Wood, of Royal Oak, exhibited a large variety of flowers bedded in a bank of moss. Mr. Starkey's exhibit took first prize, and Mrs. Wood's second prize in the trade exhibit class.

Public Votes on Prizes. The public voted on the award of prizes for decorated tables as follows: First, Miss Angus; second, Miss Kathleen Roberts and third, Mrs. Wollaston. The table which won the first prize was covered with mauve and yellow blooms of daffodils, violas, pansies and primroses. The second prize table carried sweet peas and maiden-hair fern mixed in a tasteful combination of mauve and pink. Lilies and forget-me-nots decorated Mrs. Wollaston's table.

A rushing business was done by all the stalls. Miss Kathleen Roberts's table under an arch of cherry blossom, sold all kinds of cut flowers, among the donors of supplies being Woodward's flower shop, the Fox Shop and Barber Starkey. Mrs. Knight and Mrs. J. F. Errington sold home-made candies, while Miss

Turn your Electric Light Down Like Gas

A chain pull socket that can be attached to any electric light socket—invaluable in sick rooms—hall—nursery, etc.—efficient and economical—sold at all good electrical and hardware stores.

Bertha Morley had charge of the home cooking stall. Many people bought King's Daughters' cookery books brought by Mrs. McMicking. Mrs. H. A. S. Morley was in charge of the door, and the general committee on entries included Mrs. L. H. Hardie, Mrs. R. B. McMicking and Mrs. Gordon Smith. Mrs. Leitch had arranged a delightful musical programme in which Miss Beatrice Macdonald, Miss Helen Starr, Miss Doris Ashdown, Miss Dorothy Dean and Mr. Vaughan Jones took part. Mrs. Wain playing the accompaniment.

TAG DAY TO AID SAILORS' CLUBS

Ladies' Guild for Sailors Appearing in Streets To-morrow

On behalf of its work among the sailors who visit this city the Ladies' Guild will appeal for funds to-morrow when the conveners feel confident that the public will respond generously to this appeal on the eve of the anniversary of the famous raid on Zeebrugge. The conveners and stations for to-morrow are as follows:

Empress Hotel, Mrs. McMicking and Mrs. Young; Causeway, Mrs. Willis Dean; Postoffice, Mrs. Levy; Government Buildings, Mrs. Stewart; Williams and Mrs. Vernon Thomson; Fort and Broad, Mrs. Sayer; Broad and View, Mrs. Oscar Bass; Douglas and Fort, Lady Douglas Chapter, I. O. D. E.; Douglas and View, Navy League Chapter, I. O. D. E.; View and Government, Mrs. Wilders; Hudson's Bay, four corners, Mrs. Palmer; The Market, Friends' Help Society; Messrs. D. Spencer; Mrs. Johnson and Mrs. Clay; the wharf, Mrs. and Miss Brown; Blanchard and Yates, Kuntuks Club; Hudson's Bay Store, Mrs. Gurney; Broad and Yates, Co. sales Chapter, I. O. D. E.; City Hall, Women's Canadian Club.

Mrs. Gray will be the general convenor for Esquimalt, and she will be assisted by the following: Mrs. Morrison, Head Street; Mrs. Galger, city limits; Mrs. Spaven, Work Point Barracks; Reginald Gray, the golf links; Mrs. Gues and Miss Miller; H. M. C. S. Patricia; Mrs. Nichol; Yarrow's; Navy Yard and Dry Dock, the Misses K. and R. Matthews.

SAYS INCREASED TRADE DESIRED

Fielding Makes Statement to Commons About Treaty With France

Ottawa, April 20.—(Canadian Press)—Hon. W. R. Fielding, Minister of Finance, in the House of Commons yesterday afternoon to criticism of the new trade treaty between Canada and France.

In spite of the criticism of J. D. Chaplin, Conservative, Lincoln, Ont., on Wednesday, said Mr. Fielding, he consoled himself with the knowledge that in attempting to improve trade relations between the two countries he was following in the footsteps of the great public men of the past. The trade agreement with France illustrated the fact that reciprocity in duties was impossible. Mr. Chaplin had himself supported the agreement under which Canada was doing business with France at the present time. As an illustration of the inequalities of the present arrangements, Mr. Fielding said automobiles which were admitted to Canada under a thirty-five per cent. duty, were required to pay 180 per cent. on entering France. If Mr. Chaplin would apply this test to many other items, he would find the French duty was much higher than the Canadian. Mr. Chaplin interrupted to say he was not in the House when the arrangement referred to by Mr. Fielding had been passed.

The Minister of Finance said that he was quite ready to agree that we would not do as much business with France as we would if that country had lower duties. The Government, however, was anxious to do the maximum amount of business possible and had tried to get the best terms. The main effort had been to get as good terms as the United States, which was Canada's greatest competitor.

It would have been much more satisfactory if France had consented to give Canada the whole minimum tariff, said Mr. Fielding, but France would not grant the minimum tariff to any country. Mr. Chaplin had been led to rashness in his efforts to find fault, Mr. Fielding declared. Probably Mr.

Chaplin believed in this treaty, but allowed himself, for party purposes, to deride it.

Sir Henry Drayton.

Sir Henry Drayton said he personally desired a treaty with France, but he desired one which would benefit Canada as well as France.

"Does the honorable member concede that better terms could have been obtained?" asked Thomas Vien, Liberal Lobbyist.

"I have not the slightest doubt of it," said Sir Henry.

"On what basis?" asked Mr. Vien.

"On the basis of common self-interest, the adverse balance of trade and purely business reasons," was the reply.

Agriculture, Sir Henry claimed, did not benefit at all from the treaty. He declared there was practically no Canadian agricultural product on which the French duty had not been increased. He cited canned salmon as Canada's chief article of export to France. On this the rates had been increased from 25 to 35 per cent.

It was notable that the French on their side had obtained very real concessions, Sir Henry said. They had made their treaty like business men. He submitted that the whole effect of the treaty was to make

trading with France more difficult.

Robert Forke.

Robert Forke, Progressive Leader, remarked that it was very peculiar that so much effort was made to promote trade agreements when the nations engaged were building walls to obstruct trade. However, it seemed desirable that we should have a treaty with France, and the most important thing about this one was that we were placed on a level with the United States. He had no doubt the Minister had made the best bargain possible.

Meighen Spoke.

Rt. Hon. Arthur Meighen thought the treaty meant a loss of \$500,000 a year revenue to Canada at least. This loss of revenue, formerly collected upon conspicuous luxuries, now had to be made up by the mass of people consuming the necessities of life. The loss on luxuries was not only on those imported from France, but also those coming from other countries, including Switzerland, Japan and Belgium, which had the right to come in under the same tariff as France. The treaty, Mr. Meighen said, was an added tax upon necessities.

LARGE BUILDING IN MONTREAL FOR FEDERAL OFFICES

Montreal, April 20.—La Patrie, a local French language daily, states the Federal Government has completed the purchase of the Shaughnessy Building, a large office structure on McGill Street, in the heart of the business section of the city. The price is said to be between \$700,000 and \$800,000. The building has been used up to the present as offices for the collection of taxes and for the Montreal address of the Department of Public Works.

MONK ON TRIAL FOR HIS LIFE IN CITY OF WARSAW

Warsaw, April 20.—(Polish Telegraph Agency)—The trial of the monk Samaragd, assassin of Metropolitan George of the Eastern Orthodox Church of Poland, has been referred to the ordinary civil courts after three days of hearings before the Extraordinary Court.

DAVID SPENCER, LIMITED

- THE TIMES DAILY PICTURE PAGE -

At His Desk in Montreal

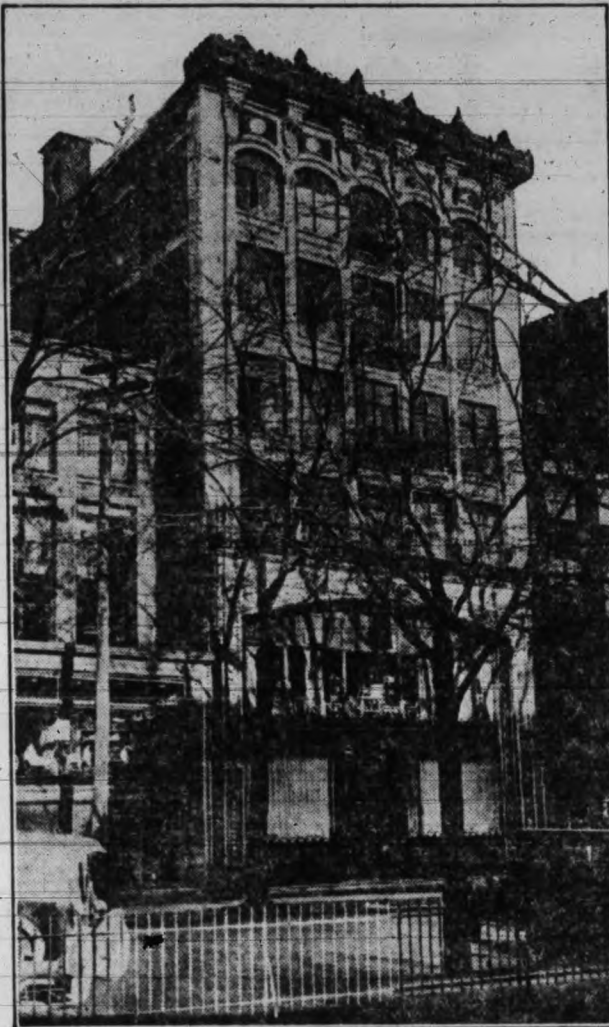

Sir Henry Thornton, President of Canadian National Railways.

Mrs. Frank Lilly
Chicago, one of the heirs of the huge Crane fortune and sister of Charles R. Crane, former envoy, is Secretary-Treasurer of the Labor Defence Council, raising money to aid alleged communists on trial at St. Joseph, Mich. She has gone there and may testify for the defence.

Moving Days for Big Structure

Six storey building on Union Avenue, Montreal, being moved intact by Henry Morgan and Company to make way for extensions to the company's retail store.

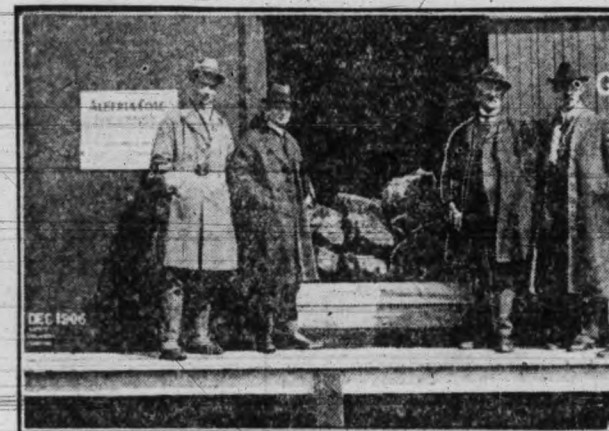

Hundreds lined the streets of the little Yorkshire village to see the procession to the church for the christening. Left to right, the Queen, Lord Lascelles, the King and Princess Mary. Then comes the baby, followed by church dignitaries.

Sir Arthur Conan Doyle and his family as they arrived in New York on the Olympic. Sir Arthur is here on another tour to exploit his belief in spiritism.

Mrs. Viola B. Pugh
is the only person other than the President of the United States who is authorized to sign his name. And she can only sign his name to papers pertaining to land patents. She has signed Warren G. Harding's name to \$99,999 such documents.

Here is the first shipment of Alberta coal, which has arrived at Ottawa. Members of the Dominion fuel board are seen inspecting the black diamonds.

Canada's Smallest Curler

The above is a good photograph of Mr. A. J. Matte, of the Vankleek Hill Curling Club, who won the recent singles contest at the Toronto rink defeating:

H. M. Mooney, weighing 200 lbs. by 11 shots, 13-2;
D. McInyre, weighing 210 lbs. by 13 shots, 13-0;
C. E. Armstrong, weighing 235 lbs. by 7 shots, 9-2;
John Hartley, weighing 175 lbs. by 6 shots, 9-3.

Thus winning the prize, a pair of shoes, which will require a special order as Mr. Matte wears size 1 1/2. He weighs 95 lbs. and is 48 inches tall.

In speaking about his interest in the sport, he says:

"I have been curling for a period of three years in my town and have taken part in outside games in Ottawa, Lachute, and elsewhere. I always play first stone man. My arms are short and my legs are too, but my muscles make up the strength with which I have to push the stones. For the accuracy of the shot of course I've got to use my own judgment and I place them almost always where I want them to go."

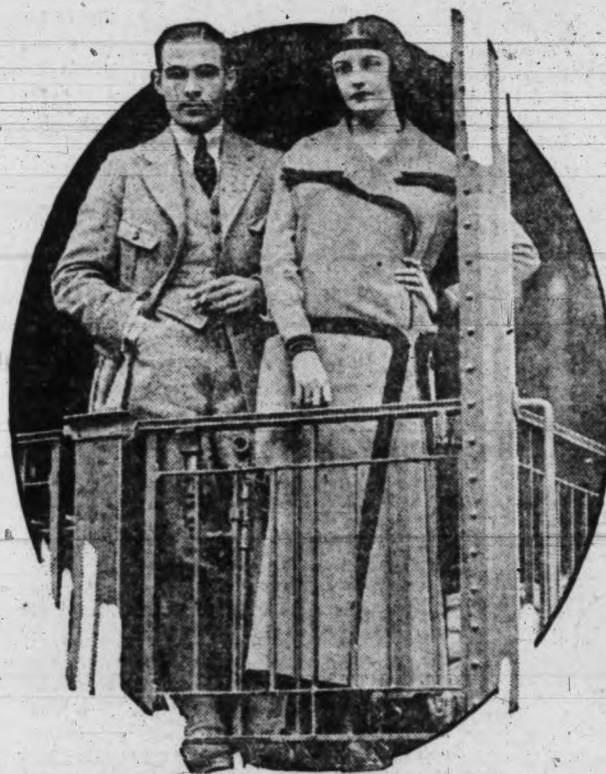

In Horsewhipping Case

Lynwood L. Bright
who was taken from the auto of Mrs. Frederick A. Pace, of New York, and beaten with horsewhips by eight unmasked men near Macon, Ga.

Mrs. Frederick A. Pace
of New York, who was forced to witness the horsewhipping of Lynwood L. Bright, her escort, by eight unmasked men near Macon, Ga.

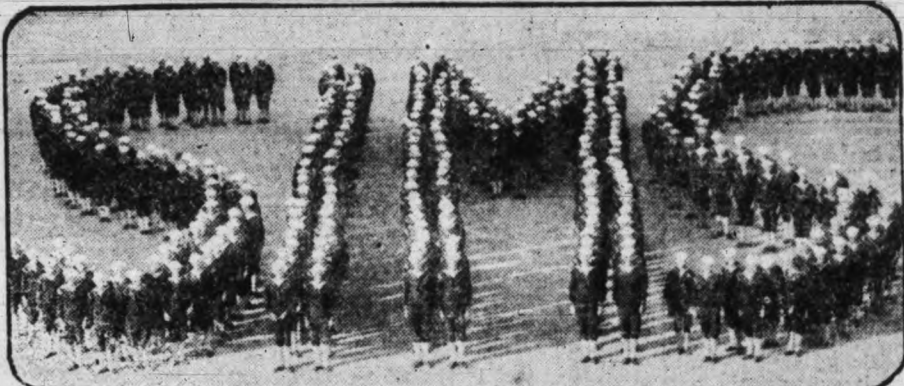

Yes, it's Shiek Rodolph Valentino and his wife, Winifred Hudnut, who've been married twice but aren't quite sure yet whether they won't have to go through it all again. They're standing on the platform of their private car which is carrying them about the country on their dancing tour.

Hurdling, say these co-eds at the University of Southern California, Los Angeles, makes them beautiful. Do you think they're right? Look at 'em and make up your mind.

Raymond McKee and Marguerite Courtot were here and heroine in "Down to the Sea in Ships." This photo was taken in New York just after they assumed those roles to each other for life.

Sailors at Goat Island Naval Training Station, San Francisco Bay, Calif., acclaimed Admiral William S. Sims, retired, in this manner when he came to look 'em over.

FOR THE CHILDREN

The Sandman Story

For To-night

WHAT THE MOONBEAM SAW AND HEARD

A Jolly Little Moonbeam one night, bent on having fun, climbed the wall of a big house and peeped in through the attic window.

It was a big old-fashioned attic with funny windows built in peaked roofs, and the jolly Moonbeam slid in and jumped to the floor.

There were old-fashioned chairs and trunks, and at one end, standing against the wall, was an old-fashioned bureau with fluted posts on either side and peaking looking knobs on each drawer.

The bell in the belfry of the town church struck the midnight hour, and as the last stroke died away, the Moonbeam saw a drawer of the old bureau slowly open.

Softly the Moonbeam glided over the door and peeped in. "Oh, there is the moon," it heard a sweet voice saying, "just as it shows on the night of the full moon, too."

From a queer case made of leather the Moonbeam saw a dainty looking lady pop out. "Where are you?" asked the lady. "I'm here," said the Moonbeam. "I'm not alone tonight," she said. "I'm not alone tonight," she said. "I'm not alone tonight," she said.

The cover of another leather case opened so quickly that the Moonbeam jumped, for it had not before noticed the other case, and out from it looked the handsome face of a youth with wavy black hair and laughing blue eyes.

"Of course we dance, Penelope," he said, and stepped out of the case, reaching for the hand of the pretty lady extended.

Then out of the drawer they both jumped to the floor, and the Moonbeam saw the lady lift one side of her ruffled skirt with the hand the youth did not hold and extend one dainty foot.

Softly from another part of the attic the Moonbeam heard the strains of a violin, and there like a shadow stood the player drawing his bow over the strings. From another corner stepped a lady from a frame and from a frame on the floor a

Woodworth, Labor, Centre-Winnipeg, who asked if the Minister of Immigration, Hon. Charles Stewart, was aware that there were 1,000 families in Winnipeg, the heads of which had experience in agriculture, who were willing to go on the land, and whether steps would be taken to secure land for these families.

Mr. Stewart replied that there were openings for 2,000 farm laborers on the prairies, and if application was made at the immigration office in Winnipeg by the men referred to by Mr. Woodworth, the department would be delighted to see they were placed.

MEMORIAL SERVICE FOR WAR HEROES

Will Be Held at First Presbyterian Church on Sunday

In connection with the church parade of the 16th Battalion, the Canadian Scottish, at the First Presbyterian Church, Quadra Street, on Sunday next, it has now been arranged that such will take the form of a memorial service for those members of the different battalions—Active 16th, Reserve 48th, 50th Gordon Highlanders, 67th (Western Scots), 88th Victoria Fusiliers and 103rd of the Canadian Scottish Regiment, who lost their lives in the War of 1914-18.

The battalion will arrive at the church at 10.55 a.m. and there be met by the representatives of the Headquarters Staff, a detachment from the P. P. C. L. L. such ex-service officers and men who were unable to march with the unit from the Drill Hall, and those who will enter the church with the parade.

The church authorities have also kindly agreed to reserve accommodation for any relatives of the fallen, or friends of the regiment, who desire to be present, and they ask that such will please endeavor to be in their places by 10.55 a.m.

As April 22 is the anniversary of the opening of the Second Battle of Ypres in April, 1915, when the Canadians first went into serious action, and as the 16th Battalion, together with the 10th, were the first units vitally engaged when they were launched in a counter stroke at midnight on April 22 and 23 against the Germans in a desperate effort to stay their advance, it is felt to be particularly fitting that the occasion should be used to commemorate not only those who sacrificed their lives on that night, but the courage, endurance and sacrifice of the entire struggle.

The General Officer Commanding has granted permission to ex-members of the service to wear uniform and it is hoped many of such will make it convenient to be present as a mark of remembrance and respect to their fallen comrades.

DIRECTORS CHOSEN BY CHAMBER

Will Ask President Spencer to Accept Another Term

Election results for the new board of directors of the Chamber of Commerce were announced last night. The new board will consist of the following:

For two years—J. O. Cameron, J. H. Fletcher, A. T. Howard, Mark W. Graham, Arthur Lindsay, George McGregor, E. W. McMillen, B. C. Nicholas, C. P. W. Schwegler. For one year—P. C. Abel, J. L. Beck, with Brigadier-General R. E. Clark, H. W. Mayhew, C. T. Cross, J. W. Spencer, A. E. Todd, Alfred Carmichael and Edwin Tomlin.

Of the one-year men, all but Messrs. Carmichael and Tomlin are now serving the second half of the two-year term for which they were elected last year.

Of the eleven declared elected last night, five have not hitherto been on the Board. These are Messrs. Carmichael, Fletcher, Howard, Lindsay and Tomlin. Those who were on the 1922 Board and will be missing this year are H. T. Barnes, H. C. Hall, W. A. Jameson, Stephen Jones and E. H. Wilson.

The directors will choose the president at the meeting next Monday at noon. It is understood that J. W. Spencer will be re-elected to the presidency for another term if he will accept. The annual meeting of the Chamber will take place Friday, evening April 27, when Premier Oliver will be asked to speak.

be inspected among other Vancouver Island companies by Lady Baden-Powell on the Empress Hotel grounds.

NO POWER TO ACT

Vancouver, April 20.—That the city has no power to put a halt to the invasion of retail districts by Orientals, and that any move made in that connection will have to be made either through Victoria or Ottawa, was pointed out when a delegation from the Vancouver branch of the Retail

Merchants' Association waited on Mayor Tisdall yesterday.

BEECHAM'S PILLS
The Safest and Best Family Medicine

day, commencing at 1.30 p.m., and it is hoped there will be a large turn out of the members of the Association.

SAY SALES TAX SOUGHT AT COURT

Confectioner Served With Papers in Failure to Meet Payment of Tax

That sales tax payment was being sought from a local confectioner through the courts in spite of the fact that a tentative understanding was believed to exist that all legal proceedings should be stayed pending the result of a test case against Boyd, a Vancouver baker, was the information given to the directorate of the Retail Merchants' Association of Canada, local branch, here yesterday by the man affected.

Though not a member of the Association, the confectioner was promised the moral support of the Retail Merchants' Association. Members complained that collectors had been making the rounds of confectioners, and alleged that these had made the statement that other confectioners had paid their taxes in order to induce payment. To the Times-to-day Secretary J. W. Wallis, of the local branch of the Retail Merchants' Association, stated that representations would be made to the author-

ities about the local case, asking a stay of proceedings until the test case be decided.

BRIDGE TO BE HELD BY M. R. R. CHAPTER

The Margaret Rocks Robertson Chapter of the I. O. D. E. will hold a bridge party to-morrow afternoon in the rooms of the Hudson's Bay Company. Play will commence at 3 o'clock. Although a number of tables have been reserved, there are still some available, and intending guests will be welcomed at that hour. It is the intention of the young ladies of the Margaret Rocks Robertson Chapter to devote the proceeds of this entertainment to the nucleus of a fund to be devoted to the furnishing of one of the sun rooms of the new wing of the Provincial Royal Jubilee Hospital—an enterprise recently undertaken by the Chapter.

WOULD GET BUSY ON WEST COAST

Advocates Railway and Highway to Port San Juan

The Native Sons of Canada, at their meeting last evening at their quarters on Langley Street, were treated to an address by C. L. Harrison, city prosecutor, who pointed out the great advantage that might come to Victoria from the development of the West Coast of Vancouver Island. The idea advanced by Mr. Harrison was to build a railway and highway to Port San Juan on the West Coast, so as to utilize the resources latent in that district.

Mr. Harrison pointed out the vastness of the resources that would be developed if his idea were adopted. Port San Juan, if it had a breakwater, would be a splendid harbor, three miles long and with an excellent approach. Plenty of water power was available. A railroad connection would enable logs to be brought to Esquimalt for booming. The district contains copper, iron and coal deposits, together with considerable stretches of land suitable for agriculture. Also, a road connection

with this district, would be an additional attraction to tourists.

The development of the East Coast brings comparatively little to Victoria, since the business north of Duncan goes practically all to Vancouver. The West Coast business, in the nature of things, would come here.

The discussion showed the meeting to be in favor of a railway and highway to Port San Juan. A resolution on the subject will be brought forward at the next meeting of the organization.

SPRING FLOWER EXHIBITION.

Special to The Times.

Luxton—The Colwood-Luxton and Happy Valley Women's Institute held their regular monthly meeting at the Luxton Hall on Wednesday afternoon. The president, Mrs. E. Peatt, was in the chair, and twenty-four members were present. A special feature of the meeting was an exhibition of Spring flowers and bulbs arranged very artistically on a centre stand. Mrs. Harry Parker won the first prize in the classes, best hyacinths, tulips, daffodils, narcissi and collection of Spring flowers. Mrs. Baker won the second prize for daffodils and Mrs. R. W. Richards the second prize for collection of Spring flowers. Tea was served by Luxton members of the Institute.

Next month's meeting will be held at the Happy Valley Mission Hall when competition in home-cooking and candy-making and butter-making will be held, and an address by Rev. H. Archbold, secretary of the council of social hygiene, will be heard. An effort will be made to obtain judges for the competitions from the Department of Agriculture, and the exhibits will be auctioned after the meeting, for the benefit of the Institute funds.

NOTES FROM METCHOSIN.

Special to The Times.

Metchosin—A whist, drive and dance was held on Wednesday night at Metchosin Hall under the auspices of the Albert Head Jersey Breeders' Association. Prizes were offered for the highest whist scores, which were won by the following ladies and gentlemen: Ladies' first prize, Mrs. Briggs; ladies' second prize, Mrs. H. Parker; ladies' trophy, Mrs. A. Snider; gentlemen's first prize, R. B. Gibbs; gentlemen's second prize, W. Bickford; gentlemen's trophy, Mr. Tolburn. Refreshments were served by members of the committee, followed by dancing.

The Metchosin Girl Guides will be taken by motor in company with their captain, Miss Peggy Brown, to Victoria on Monday, where they will
